

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Colleen Schutz
DOCKET NO.: 23-47887.001-R-1
PARCEL NO.: 15-13-208-020-0000

The parties of record before the Property Tax Appeal Board are Colleen Schutz, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$6,250
IMPR.: \$30,074
TOTAL: \$36,324

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story multi-family building of frame exterior construction with 1,944 square feet of gross building area. The building is approximately 119 years old. Features of the subject include a basement with finished area, a fireplace and a 2-car garage. The property has an approximately 6,250 square foot site and is located in Forest Park, Proviso Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on seven equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with 2-story class 2-11 multi-family buildings with frame, masonry, stucco or frame and masonry exterior construction ranging in size from 2,008 to 2,289 square

feet of gross building area. The properties range in age from 95 to 135 years old. Each comparable has a basement, with two having finished area. Each comparable has a fireplace and six comparables have a 1½-car or a 2-car garage. The comparables have improvement assessments ranging from \$28,353 to \$32,939 or from \$13.27 to \$14.61 per square foot of gross building area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$27,197 or \$13.99 per square foot of gross building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$36,324. The subject property has an improvement assessment of \$30,074 or \$15.47 per square foot of gross building area. In support of its contention of the correct assessment the board of review submitted information on two equity comparables, one of which is located in the same assessment neighborhood code as the subject property. The comparables are improved with 2-story class 2-11 multi-family buildings of frame or masonry exterior construction with 1,648 and 1,976 square feet of gross building area. The homes are 94 years old. Each comparable has an unfinished basement and one comparable has a fireplace. The comparables have improvement assessments of \$30,799 and \$45,539 or \$15.59 and \$27.63 per square foot of gross building area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #2, #6 and #7 and the board of review comparables which are less similar to the subject property in gross building size and/or garage amenity.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1, #3, #4 and #5 which are more similar to the subject in location, age, building size, garage amenity and other features. However, these comparables each have an unfinished basement when compared to the subject's finished basement, suggesting an upward adjustment is needed to make these properties more equivalent to the subject. These comparables have improvement assessments ranging from \$28,353 to \$31,326 or from \$13.89 to \$14.61 per square foot of gross building area. The subject's improvement assessment of \$30,074 or \$15.47 per square foot of gross building area falls within the range established by the best comparables in this record on an overall improvement assessment basis and above the best comparables on a price per foot basis. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
