

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ariadne Tello
DOCKET NO.: 23-48210.001-R-1
PARCEL NO.: 15-03-131-018-0000

The parties of record before the Property Tax Appeal Board are Ariadne Tello, the appellant, by attorney Andrew S. Dziuk, of Andrew Dziuk, Esq. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,922
IMPR.: \$15,480
TOTAL: \$19,402

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of masonry exterior construction with 1,030 square feet of living area. The dwelling is 95 years old. Features of the home include a full basement and a 2-car garage. The property has a 4,240 square foot site and is located in Melrose Park, Proviso Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with regard to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables located in the subject's assessment neighborhood and within .76 of a mile of the subject. The comparables consist of class 2-03 dwellings of masonry exterior construction ranging in size from 1,027 to 1,228 square feet of living area. The homes range in age from 69 to 97 years old. Each comparable has a 2-car garage. Two comparables each have a full

basement and three each have crawl-space foundations. The comparables have improvement assessments ranging from \$16,184 to \$19,184 or from \$15.03 to \$16.06 per square foot of living area. Based on this evidence, the appellant requested a reduced improvement assessment of \$15,480 or \$15.03 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$23,533. The subject property has an improvement assessment of \$19,611 or \$19.04 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the subject's assessment neighborhood and within the same block as the subject. The comparables consist of 1-story class 2-03 dwellings of masonry exterior construction ranging in size from 1,073 to 1,137 square feet of living area. The homes range from 66 to 97 years old. Each dwelling has a full basement, one of which has finished area. Three comparables have central air conditioning and a 1-car, 2-car, or 2.5-car garage. The comparables have improvement assessments ranging from \$22,078 to \$23,184 or from \$19.57 to \$21.61 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill. Admin. Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill. Admin. Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted a total of nine equity comparables to support their respective positions before the Property Tax Appeal Board. The Board gives reduced weight to the appellant's comparables #1, #3, and #5, which differ from the subject in age and foundation. The Board also gives less weight to the comparables submitted by the board of review, which differ from the subject in age, feature central air conditioning unlike the subject, or lack a garage, a feature of the subject. The Board finds the appellant's comparables #2 and #4 are similar to the subject in age, location, dwelling size, and features. These comparables have improvement assessments of \$18,730 and \$19,184 or \$15.62 and \$15.94 per square foot of living area. The subject's improvement assessment of \$19,611 or \$19.04 per square foot of living area is above the two best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
