

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Iesha Pirtle  
DOCKET NO.: 23-48223.001-R-1  
PARCEL NO.: 15-14-324-026-0000

The parties of record before the Property Tax Appeal Board are Iesha Pirtle, the appellant, by Andrew S. Dziuk, attorney-at-law of Andrew Dziuk, Esq. in Chicago, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$3,192  
**IMPR.:** \$16,744  
**TOTAL:** \$19,936

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property is improved with a two-story dwelling of masonry exterior construction that contains 1,300 square feet of living area. The dwelling is approximately 77 years old. Features of the property include a full basement with a formal recreation room, 1½ bathrooms and a 1-car garage. The property has a 5,320 square foot site located in Maywood, Proviso Township, Cook County. The subject is a class 2-05 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends inequity regarding the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables composed of class 2-05 properties improved with dwellings of masonry exterior construction that range in size from 1,188 to 1,535 square feet of living area. The homes are 74 to 96 years old. Each property has a full or partial basement and one or two bathrooms. Four of

the comparables have a 1.5-car or a 2-car garage. These properties have the same neighborhood code as the subject property and are located from .11 to .60 of a mile from the subject. Their improvement assessments range from \$14,784 to \$18,112 or from \$11.08 to \$13.29 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$14,404.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$22,000. The subject property has an improvement assessment of \$18,808 or \$14.47 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables consisting of class 2-05 properties improved with two-story dwellings of frame or masonry exterior construction that range in size from 890 to 1,364 square feet of living area. The homes are 65 to 124 years old. Each comparable has a full or partial basement, and a 1-car or 2-car garage. The comparables have 1, 1½ or 2 bathrooms. One comparable has central air conditioning. The comparables have the same neighborhood code as the subject property, however, comparable #4 is located in Broadview rather than Maywood. The board of review indicated comparables #1, #2 and #3 are located ¼ of a mile from the subject but did not indicate the proximity of comparable #4 to the subject. Their improvement assessments range from \$17,354 to \$20,808 or from \$15.26 to \$20.46 per square foot of living area.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted information on nine equity comparables with the same classification code and neighborhood code as the subject property to support their respective positions. The Board gives less weight to appellant's comparable #2 due to differences from the subject in dwelling size being approximately 18% larger than subject home. The Board gives less weight to the comparables submitted by the board of review due to differences from the subject in location, dwelling size, age, and/or central air conditioning amenity, a feature the subject does not have. The Board finds the best evidence of assessment equity to be the appellant's comparables #1, #3, #4 and #5 that range in size from 1,188 to 1,380 square feet of living area and in age from 74 to 96 years old. These properties have varying degrees of similarity to the subject in features that would require adjustments to make them more equivalent to the subject property. These comparables have improvement assessments that range from \$14,784 to \$17,808 or from \$11.08 to \$13.29 per square foot of living area. The subject's improvement assessment of \$18,808 or \$14.47 per square foot of living area falls above the range established by the best comparables in this record. Based on this record the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
