

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Francis Brennan
DOCKET NO.: 23-48239.001-R-1
PARCEL NO.: 14-32-407-068-0000

The parties of record before the Property Tax Appeal Board are Francis Brennan, the appellant, by attorney Brian P. Liston, of the Law Offices of Liston & Tsantilis, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$14,913
IMPR.: \$70,086
TOTAL: \$84,999

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 3-story townhome of masonry exterior construction with 1,944 square feet of living area. The dwelling is approximately 151 years old. Features include a crawl space foundation, central air conditioning, and one fireplace. The property has a 1,193 square foot site and is located in Chicago, North Chicago Township, Cook County. The subject is classified as a class 2-10 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information, including property characteristics and appeal history printouts, on three equity comparables located within the subject's assessment neighborhood code. The comparables are improved with 2-story or 3-story, class 2-10 townhomes of masonry exterior construction ranging in size from 1,700 to 2,008

square feet of living area. The dwellings range in age from 135 to 142 years old. Each comparable has a full basement. Two comparables each have central air conditioning and a 2-car garage. Two comparables each have one or three fireplaces. The comparables have improvement assessments ranging from \$56,413 to \$64,500 or from \$32.12 to \$33.18 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$84,999. The subject property has an improvement assessment of \$70,087 or \$36.05 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the subject's assessment neighborhood code. The comparables are improved with 3-story, class 2-10 townhomes of masonry exterior construction ranging in size from 1,907 to 2,134 square feet of living area. The dwellings range in age from 132 to 153 years old. Each comparable has a full basement and central air conditioning. Two comparables each two or three fireplaces. One comparable has a 2-car garage. The comparables have improvement assessments ranging from \$82,607 to \$94,250 or from \$38.71 or \$49.42 per square foot of living area. Based on this evidence, the board of review requested the assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested equity comparables for the Board's consideration with each comparable having a basement foundation, unlike the subject's crawl space foundation, and varying degrees of similarity to the subject in other features. However, the Board gives less weight to the appellant's comparables #1 and #2 as well as board of review comparable #2 which feature a garage amenity, which the subject lacks, and/or have a dissimilar 2-story design, in contrast to the subject's 3-story design. The Board also gives less weight to the appellant's comparable #3 which lacks central air conditioning, which is a feature of the subject. Nevertheless, the three remaining board of review comparables have improvement assessments ranging from \$82,607 to \$87,975 or from \$38.71 to \$44.30 per square foot of living area. The subject's improvement assessment of \$70,087 or \$36.05 per square foot of living area falls below the range established by the three best comparables in this record. After considering the necessary adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
