

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jan Mikrut  
DOCKET NO.: 23-48426.001-R-1  
PARCEL NO.: 18-01-125-025-0000

The parties of record before the Property Tax Appeal Board are Jan Mikrut, the appellant, by attorney Andrew S. Dziuk, of Andrew Dziuk, Esq. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$2,968  
**IMPR.:** \$29,031  
**TOTAL:** \$31,999

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a multi-level dwelling of masonry exterior construction with 1,600 square feet of living area. The dwelling is approximately 19 years old. Features of the home include a partial basement, central air conditioning, one fireplace and a 2-car garage. The property has an approximately 5,163 square foot site and is located in Lyons, Lyons Township, Cook County. The subject is classified as a class 2-34 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted five equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with 2-34 class dwellings of masonry exterior construction that range in size from 1,437 to 1,831 square feet of living area. The dwellings range in age from 31 to 63 years old. Each comparable has a partial basement and a 2-car garage. One comparable has central air conditioning and two comparables each have one fireplace. The comparables have improvement assessments that

range from \$21,556 to \$24,636 or from \$13.13 to \$15.03 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$31,999. The subject property has an improvement assessment of \$29,031 or \$18.14 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with multi-level class 2-34 dwellings of masonry or frame and masonry exterior construction that range in size from 1,160 to 1,418 square feet of living area. The dwellings range in age from 22 to 46 years old. Each comparable has a partial basement, central air conditioning and a 2-car or 2.5-car garage. Three comparables each have one fireplace. The comparables have improvement assessments that range from \$22,890 to \$28,711 or from \$18.78 to \$22.51 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains nine suggested equity comparables for the Board's consideration. The Board has given less weight to the appellant's comparables as well as board of review comparables #3 and #4 due to their older ages when compared to the subject.

The Board finds the best evidence of assessment equity to be board of review comparables #1 and #2. The Board finds that these comparables are most similar to the subject in design, age, and features. However, both of these comparables are smaller in dwelling size suggesting upward adjustments would be required to make these two comparables more equivalent to the subject. Nevertheless, these two most similar comparables have improvement assessments of \$26,108 and \$28,711 or \$20.25 and \$22.51 per square foot of living area. The subject's improvement assessment of \$29,031 or \$18.14 per square foot of living area falls below the two best comparables in this record on a square foot basis but is slightly greater on an overall improvement assessment basis. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
