

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Wieslaw Stachura
DOCKET NO.: 23-48449.001-R-1
PARCEL NO.: 18-25-413-004-0000

The parties of record before the Property Tax Appeal Board are Wieslaw Stachura, the appellant(s), by attorney Andrew S. Dziuk, of Andrew Dziuk, Esq. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$4,529
IMPR.: \$26,470
TOTAL: \$30,999

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame construction with 1,906 square feet of living area. The dwelling is approximately sixty -nine years old. Features of the home include a partial basement, two full bathrooms and a two-car garage. The property has a 1,906 square foot site and is in Bridgeview, Lyons Township, Cook County. The subject is classified as a class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables. Each of the appellant comparables are one and a half story of frame construction. They each have one to two full bathrooms of frame construction. They range in size from 1,692 to 2,008 square feet of living area; and in improvement assessment from \$23,649 to \$26,000 or \$10.43 to \$11.05 per square

foot of living space. They range in distance .42 to .80 miles distance to the subject property. The appellant is asking for a reduction in total assessment to \$24,408.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$31,000. The subject property has an improvement assessment of \$26,471 or \$13.89 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables. Each of the board comparables are one and a half or two-story frame or masonry construction. They feature two and a half to three bathrooms and a two-car garage. They range in size from 1,402 to 1,641 square feet of living area; and in improvement assessment from \$20,471 to \$25,207 or \$14.52 to \$16.38 per square foot of living space. Three of the board of review comparables range from the same block to the same subarea. The filing is silent as to the location of one of the board of reviews comparables in proximity to the subject property.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant *did not meet* this burden of proof and a reduction in the subject's assessment *is not* warranted.

The Board finds the best evidence of assessment equity to be *appellant's comparables two and three and board of review comparables one and two*. These comparables are most similar to the subject property by virtue of their location, size and features. They had improvement assessments that ranged from \$10.43 to \$15.36 per square foot of living area. The subject's improvement assessment of \$13.89 per square foot of living area falls within the range established by the best comparables in this record. Based on this record the Board finds the appellant *did not* demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment *is not* justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
