

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Leroy Jones
DOCKET NO.: 23-48480.001-R-1
PARCEL NO.: 24-01-312-060-0000

The parties of record before the Property Tax Appeal Board are Leroy Jones, the appellant, by attorney Andrew S. Dziuk, of Andrew Dziuk, Esq. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **a reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$6,451
IMPR.: \$24,549
TOTAL: \$31,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of masonry exterior construction with 2,010 square feet of living area. The dwelling is approximately 62 years old. Features of the home include a partial basement, central air conditioning,¹ 2 fireplaces and a 2-car garage. The property has a 9,216 square foot site and is located in Evergreen Park, Worth Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five comparables located within the subject's assessment neighborhood code and within 0.27 of a mile from the

subject property. According to the PINs beginning with #24-01, the comparables are located within the same subarea as the subject. The comparables consist of class 2-04, single family dwellings of masonry exterior construction ranging in size from 1,944 to 2,248 square feet of living area. The dwellings are from 54 to 74 years old. The comparables have partial or full basements and a 2-car garage. Four comparables each have 1 or 2 fireplaces. The comparables have improvement assessments ranging from \$20,653 to \$24,549 or from \$9.29 to \$12.22 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject property of \$32,999. The subject property has an improvement assessment of \$26,548 or \$13.21 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four comparables, none of which are located within the subject's assessment neighborhood code. According to the PINs the comparables are also located in a different subarea than the subject property with a PIN beginning in #24-01. The comparables consist of class 2-04, 1-story or class 2-34, multi-level dwellings of masonry or frame and masonry exterior construction ranging in size from 1,267 to 2,036 square feet of living area. The dwellings are from 35 to 68 years old. The comparables have partial or full basements and central air conditioning. Two comparables each have 1 fireplace, and three comparables have either a 2-car or a 2½-car garage. The comparables have improvement assessments ranging from \$25,242 to \$27,294 or from \$13.41 to \$19.92 per square foot of living area. Based on this evidence, the board of review requested the assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted nine equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparable #1 due to the dwelling's older age when compared to the subject. The Board also gives less weight to the board of review's comparables which are located within a different assessment neighborhood and subarea than the subject property and also differ from the subject in classification code, design, age and/or lack a garage, which is a feature of the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparables #2 through #5 which have the same assessment neighborhood code and classification code as the subject property and are also similar to the subject in design, age, dwelling size and other features. These four comparables have improvement assessments ranging from \$23,017 to

\$24,549 or from \$10.92 to \$12.22 per square foot of living area. The subject's improvement assessment of \$26,548 or \$13.21 per square foot of living area falls above the range established by the best comparables in the record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
