

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Margarita Torres
DOCKET NO.: 23-48496.001-R-1
PARCEL NO.: 24-12-302-062-0000

The parties of record before the Property Tax Appeal Board are Margarita Torres, the appellant, by attorney Andrew S. Dziuk, of Andrew Dziuk, Esq. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,444
IMPR.: \$16,556
TOTAL: \$20,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of masonry exterior construction with 960 square feet of living area. The dwelling is approximately 67 years old. Features of the home include a full basement with finished area, 1 bathroom, central air conditioning and a 2-car garage.¹ The property has a 4,920 square foot site located in Evergreen Park, Worth Township, Cook County. The subject is classified as a class 2-02 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five comparables

¹ The Board finds the subject dwelling has central air conditioning according to Section III of the appellant's appeal petition and the board of review's grid analysis, and the subject's basement has finished area as reported by the board of review, and was not refuted by the appellant.

located within the subject's assessment neighborhood and within 0.38 of a mile or approximately 1.12 miles from the subject property. The comparables consist of class 2-02 dwellings of masonry exterior construction ranging in size from 970 to 998 square feet of living area. The dwellings are 65 or 83 years old. The comparables have a partial or full basements with "N/A" disclosed for the finished area. Each comparable has 1 bathroom and either a 1-car, a 1½-car or a 2-car garage. The comparables have improvement assessments ranging from \$14,483 to \$15,013 or from \$14.75 to \$15.18 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject property of \$20,000. The subject property has an improvement assessment of \$16,556 or \$17.25 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four comparables located within the subject's assessment neighborhood and within approximately ¼ of a mile from the subject property. Two comparables are also located along the same street as the subject. The comparables consist of class 2-02 or 2-03, 1-story dwellings of masonry exterior construction ranging in size from 968 or 1,114 square feet of living area. The dwellings are from 63 to 68 years old. The comparables have full basements with one having finished area and either 1 or 2 bathrooms. Two comparables each have central air conditioning, and three comparables each have a 2-car garage. The comparables have improvement assessments ranging from \$18,276 to \$19,771 or from \$17.39 to \$18.88 per square foot of living area. Based on this evidence, the board of review requested the assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine comparable properties for the Board's consideration. The Board gives less weight to the appellant's comparables #1 through #4 which are located more than a mile from the subject property and/or the dwellings older ages when compared to the subject. The Board also gives less weight to the board of review's comparables #2, #3 and #4 due to their larger dwelling sizes and/or bathroom count when compared to the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparable #5 and the board of review comparable #1 which are overall most similar to the subject in location, design, age, dwelling size, bathroom count and/or other features. These two comparables have improvement assessments of \$15,013 and \$18,276 or \$15.18 and \$18.88 per square foot of living area. The subject's improvement assessment of \$16,556 or \$17.25 per square foot of living area

is bracketed by the two best comparables in the record. After considering adjustments to the two best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
