

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Sherry Pudelek
DOCKET NO.: 23-48521.001-R-1
PARCEL NO.: 15-21-101-206-0000

The parties of record before the Property Tax Appeal Board are Sherry Pudelek, the appellant, by attorney Brian S. Maher of Weis, DuBrock, Doody & Maher in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$13,440
IMPR.: \$42,560
TOTAL: \$56,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story multi-family building of masonry exterior construction with 5,166 square feet of gross building area. The building is approximately 63 years old. Features of the building include a full basement, central air conditioning and a four-car garage. The property has a site with 19,200 square feet of land area and is located in Westchester, Proviso Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables that have the same assessment neighborhood code as the subject, two of which are located along the same street as the subject property. The comparables are class 2-11 properties that are improved with two-story multi-family buildings of masonry exterior construction

ranging in size from 4,050 to 5,758 square feet of gross building area. The buildings are from 60 to 93 years old. One comparable has a concrete slab foundation and three comparables each have a full or partial basement. Three comparables each have a two-car garage. The comparables have improvement assessments that range from \$32,905 to \$46,798 or from \$6.86 to \$8.13 per square foot of gross building area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment of \$39,572 or \$7.66 per square foot of gross building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$56,000. The subject property has an improvement assessment of \$42,560 or \$8.24 per square foot of gross building area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables that have the same assessment neighborhood code as the subject. The comparables are located within the same block and along the same street as the subject or approximately ¼ of a mile from the subject property. The comparables are class 2-11 properties that are improved with two-story multi-family buildings of masonry exterior construction containing 5,166 or 5,308 square feet of gross building area. The buildings are 62 or 64 years old. Each comparable has a full basement and central air conditioning. Comparable #1 has a four-car garage. The comparables have improvement assessments that range from \$42,560 to \$46,691 or from \$8.24 to \$9.04 per square foot of gross building area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight comparable properties for the Board's consideration. The Board has given less weight to the appellant's comparables #1, #3 and #4 due to differences from the subject in age or building size. Additionally, the appellant's comparable #4 has a dissimilar concrete slab foundation, when compared to the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparable #2 and the four comparables submitted by the board of review, which are similar to the subject in location, building size, design and age. However, these five comparables have other features with varying degrees of similarity when compared to the subject, suggesting adjustments would be required to make them more equivalent to the subject. Nevertheless, the comparables have improvement assessments that range from \$39,130 to \$46,691 or from \$7.51 to \$9.04 per square foot of gross building area. The subject's improvement assessment of \$42,560 or \$8.24 per square foot of gross building area falls within the range established by the best comparables in

the record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
