

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Michael Hosack
DOCKET NO.: 23-48870.001-R-1
PARCEL NO.: 15-27-419-010-0000

The parties of record before the Property Tax Appeal Board are Michael Hosack, the appellant, by attorney Brian S. Maher, of Weis, DuBrock, Doody & Maher in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$4,378
IMPR.: \$28,800
TOTAL: \$33,178

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame exterior construction with 2,314 square feet of living area. The dwelling is approximately 94 years old. Features of the home include a basement, 1½ bathrooms, two fireplaces and a 1.5-car garage. The property has an approximately 6,255 square foot site and is located in Brookfield, Proviso Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables two of which are located in the same assessment neighborhood code as the subject property. The comparables are improved with 2-story class 2-06 dwellings of frame or masonry exterior construction ranging in size from 2,288 to 2,961 square feet of living area and are 75 to

102 years old. Three dwellings have a basement and central air conditioning. One comparable has a concrete slab foundation. Each comparable has 1½ or 2 bathrooms and a 2-car garage. The comparables have improvement assessments ranging from \$21,473 to \$34,845 or from \$9.39 to \$12.45 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$25,917 or \$11.20 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$35,031. The subject property has an improvement assessment of \$30,653 or \$13.25 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with 2-story class 2-06 dwellings of masonry or frame and masonry exterior construction ranging in size from 2,398 to 2,747 square feet of living area and are 65 to 88 years old. Each comparable has a basement, from 1 to 4 bathrooms, central air conditioning and a 1.5-car or a 2-car garage. Two dwellings have an additional 1 or 2 half bathrooms and one home has a fireplace. The comparables have improvement assessments ranging from \$33,453 to \$55,590 or from \$13.95 to \$20.24 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted eight equity comparables for the Board's consideration. The Board gives less weight to appellant comparables #1, #2 and #3 along with board of review comparables #2, #3 and #4 which are less similar to the subject in location, age, foundation type and/or dwelling size. The Board finds the best evidence of assessment equity to be appellant comparable #4 and board of review comparable #1 which are more similar to the subject in location, age, design, dwelling size and some features. However, each of these best comparables has central air conditioning and one has an additional 1½ bathrooms, relative to the subject, suggesting downward adjustments are needed to make these comparables more equivalent to the subject. These two comparables have improvement assessments of \$30,138 and \$33,453 or \$12.45 and \$13.95 per square foot of living area. The subject's improvement assessment of \$30,653 or \$13.25 per square foot of living area is bracketed by the two best comparables in this record. However, after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
