

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Tom Wang
DOCKET NO.: 23-48889.001-R-1
PARCEL NO.: 04-34-409-014-0000

The parties of record before the Property Tax Appeal Board are Tom Wang, the appellant, by attorney Abby L. Strauss, of Schiller Law P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$14,000
IMPR.: \$83,578
TOTAL: \$97,578

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of masonry exterior construction with 3,014 square feet of living area. The dwelling is approximately 17 years old. Features of the home include a full basement with finished area,¹ 2½ bathrooms, central air conditioning, a fireplace and a 2-car garage. The property has an 8,750 square foot site and is located in Glenview, Northfield Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five comparables located within the subject's same assessment neighborhood and from 0.46 of a mile to 1.32 miles

¹ The board of review disclosed the subject has a full basement finished with a formal recreation room, which was unrefuted by the appellant.

from the subject property. The comparables consist of class 2-78, 2-story dwellings of masonry exterior construction ranging in size from 3,192 to 3,327 square feet of living area. The homes are from 13 to 34 years old. The comparables have full basements with "0" reported for the finished basement area. Each comparable has 2 or 3 full bathrooms, central air conditioning, a fireplace and a 2-car garage. Four comparables each have 1 half bathroom. The comparables have improvement assessments ranging from \$56,818 to \$70,439 or from \$17.80 to \$21.30 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$60,159 or \$19.96 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$97,578. The subject property has an improvement assessment of \$83,578 or \$27.73 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four comparables located within the subject's same assessment neighborhood and within the subject's same block or approximately ¼ of a mile from the subject property. The comparables consist of class 2-78, 2-story dwellings of frame or masonry exterior construction ranging in size from 2,538 to 3,333 square feet of living area. The homes are from 4 to 16 years old. Each comparable has a full basement with three having finished area, 3 or 4 full and 1 half bathrooms, central air conditioning and either a 1-car or a 2-car garage. Three comparables have either 1 or 2 fireplaces. The comparables have improvement assessments ranging from \$88,180 to \$109,032 or from \$28.77 to \$37.14 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

In written rebuttal, the appellant compared the different construction type between the board of review comparable #1 and the subject dwelling.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #2 and #3 as well as the board of review comparables #1 and #4 which are less similar to the subject in location, age and/or dwelling size than the other comparables in the record.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables. These comparables are overall most similar to the subject in location, design, age, and dwelling size but have varying degrees of similarity to the subject in other features. These three comparables have improvement assessments ranging from \$67,974 to \$95,890 or from \$21.18 to

\$28.77 per square foot of living area. The subject's improvement assessment of \$83,578 or \$27.73 per square foot of living area falls within the range established by the best comparables in the record. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
