

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Anita H. Preston, Living Trust
DOCKET NO.: 23-48996.001-R-1
PARCEL NO.: 04-10-407-009-0000

The parties of record before the Property Tax Appeal Board are Anita H. Preston, Living Trust, the appellant, by attorney Abby L. Strauss, of Schiller Law P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$16,673
IMPR.: \$52,275
TOTAL: \$68,948

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of masonry exterior construction with 2,866 square feet of living area. The dwelling is approximately 53 years old. Features of the home include a full basement with finished area,¹ central air conditioning, 2 fireplaces and a 2-car garage. The property has a 12,825 square foot site and is located in Northbrook, Northfield Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five comparables that are located within the subject's same assessment neighborhood and from 0.09 to 0.80 of a mile from the subject property. The appellant reported the comparables consist of class 2-04,

¹ The appellant disclosed the subject dwelling has a full basement finished with formal recreation room.

1-story or 5-story dwellings of frame, masonry or frame and masonry exterior construction ranging in size from 2,788 to 3,128 square feet of living area. The dwellings are 27 to 73 years old. Two dwellings have crawl space or slab foundations, and three dwellings have partial or full basements with "0" reported for the finished area. Each comparable has central air conditioning, and either a 2-car or a 2.5-car garage. Four comparables each have 1 or 2 fireplaces. The comparables have improvement assessments ranging from \$37,000 to \$48,171 or from \$12.45 to \$16.50 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$41,986 or \$14.65 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject property of \$68,948. The subject property has an improvement assessment of \$52,276 or \$18.24 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four comparables that are located within the subject's same assessment neighborhood and within the subject's same block or approximately ¼ of a mile from the subject property. The comparables consist of class 2-04, 1-story dwellings of frame, masonry or frame and masonry exterior construction ranging in size from 2,653 to 2,982 square feet of living area. The comparables are 1 to 52 years old. Each dwelling has a partial or full basement with two having finished area, central air conditioning, 1 fireplace, and a 2-car garage. The comparables have improvement assessments ranging from \$50,644 to \$111,943 or from \$19.09 to \$39.26 per square foot of living area. Based on this evidence, the board of review requested the assessment be confirmed.

In written rebuttal, counsel for the appellant compared the newer ages and/or dissimilar construction types of the board of review comparables to the subject property.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine comparable properties for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #2, #4 and #5 as well as the board of review comparables #2 and #3 due to significant differences in their design, ages, and/or dissimilar foundation type when compared to the subject.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables. These comparables are relatively similar to the subject in location, age, dwelling size, foundation type and most features. These three comparables have improvement assessments ranging from \$48,171 to \$59,327 or from \$15.40 to \$19.90 per square foot of living area. The subject's

improvement assessment of \$52,276 or \$18.24 per square foot of gross building area falls within the range of the best comparables in the record. After considering adjustments to the best comparables for differences from the subject, such as unfinished basement area, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
