FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Melissa Menn & David Chencinski
DOCKET NO.: 23-49058.001-R-1
PARCEL NO.: 13-13-414-008-0000

The parties of record before the Property Tax Appeal Board are Melissa Menn & David Chencinski, the appellant(s), by attorney Joe Huang, of the Law Offices of Terrence Kennedy Jr. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***A Reduction*** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$9,000
IMPR.:	$87,855
TOTAL:	$96,855

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 3,750 square foot site improved with an approximately 4-year-old, two-story dwelling of frame construction with 2,912 square feet of living area. Features include a full basement and a two-and-a-half-car garage. The subject property is located in Chicago, Jefferson Township, Cook County and is classified as a 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant asserts assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on five suggested equity comparables with varying degrees of similarity to the subject property. The comparable properties offered by the appellant are of frame construction and range in size from 2,784 to 3,482 square feet of living area. The comparables range in age from 10 to 19 years and are between 0.01 to 0.9 miles from the subject property. The comparables have improvement assessments ranging from $28.84 to $30.17 per

square foot of living area. The appellant also submitted a copy of the board of review's decision letter reflecting a total assessment for the subject property as $112,609. Based on this evidence, the appellant requested a reduction in the subject's assessment to $95,457.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject as $112,609. The subject property has an improvement assessment of $103,609 or $35.58 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four suggested equity comparables. The suggested comparable properties range in size from 2,782 to 3,044 square feet of living area and are of frame construction. The comparable properties range in age from 1 to 7 years and have improvement assessments ranging from $36.74 to $54.33 per square foot of living area. The board of review reports that three of the comparables are located within a quarter mile of the subject property and one comparable is on the on the same block. Based on this evidence, the board of review requested that the assessment be confirmed.

At hearing on 7/16, with all parties receiving timely and proper notice of the Webex hearing, the board of review failed to appear. After waiting approximately thirty-five minutes and attempting contact with the board of review, the Board found the board of review in default pursuant to section 1910.69(b) of the rules of the Property Tax Appeal Board.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proven by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did meet this burden of proof, and that a reduction in the subject's assessment is warranted.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1, #2, #4, and #5. These comparables were most similar to the subject property in features, square feet of living area, and/or proximity. These comparables had improvement assessments of $29.47 to $30.17 per square foot of living area. The subject's improvement assessment of $35.58 per square foot of living area falls above the range established by the best comparables in this record. Based on this record the Board finds the appellant did demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
