

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: PAUL C. JENSEN
DOCKET NO.: 23-49294.001-R-1
PARCEL NO.: 15-33-411-066-0000

The parties of record before the Property Tax Appeal Board are PAUL C. JENSEN, the appellant(s), by attorney Brian P. Liston, of the Law Offices of Liston & Tsantilis, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$5,198
IMPR.: \$30,301
TOTAL: \$35,499

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 57-year-old, split-level single-family dwelling of frame and masonry construction with 1,271 square feet of living area. Features of the home include a partial basement and a two-car garage. The property has a 7,425 square foot site and is located in La Grange Park, Proviso Township, Cook County. The subject is classified as a class 2-34 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant asserts assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on three suggested equity comparables with varying degrees of similarity to the subject property. The suggested comparable properties consisted of class 2-34 properties of masonry construction with a partial basement, one full and one half bathroom, a two-car garage, and sizes that ranged from 1,386 to 1,468 square feet of living area. The appellant reported that the suggested comparables were located between .2 and 1.3 miles from

the subject property and ranged in age from 56 to 65 years old. The comparables have improvement assessments ranging from \$22.10 to \$23.16 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's total assessment to \$33,401.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject as \$35,499. The subject property has an improvement assessment of \$30,302 or \$23.84 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four suggested equity comparables. The suggested comparable properties ranged in size from 1,222 to 1,412 square feet of living area. Each suggested comparable consisted of a class 2-34 property of frame and masonry construction with a partial basement, one full and one half bathroom, and a two-car garage. The board of review reported that each of the suggested comparables was located within a quarter mile or the same subarea of the subject property and ranged in age from 55 to 66 years old. The comparables have improvement assessments ranging from \$23.96 to \$27.73 per square foot of living area. Based on this evidence, the board of review requested that the assessment be confirmed.

Conclusion of Law

The taxpayer asserts assessment inequity as the basis of the appeal. The Illinois Constitution requires that real estate taxes "be levied uniformly by valuation ascertained as the General Assembly shall provide by law." Ill. Const., art. IX, § 4 (1970); Walsh v. Property Tax Appeal Board, 181 Ill. 2d 228, 234 (1998). This uniformity provision of the Illinois Constitution does not require absolute equality in taxation, however, and it is sufficient if the taxing authority achieves a reasonable degree of uniformity. Peacock v. Property Tax Appeal Board, 339 Ill. App. 3d 1060, 1070 (4th Dist. 2003).

When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill. Admin. Code §1910.63(e); Walsh, 181 Ill. 2d at 234 (1998). Clear and convincing evidence means more than a preponderance of the evidence, but it does not need to approach the degree of proof needed for a conviction of a crime. Bazyldo v. Volant, 164 Ill. 2d 207, 213 (1995). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill. Admin. Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds that the best evidence of assessment equity is the board of review's suggested comparables #1 through #4 and the appellant's comparables #2 and #3. Like the subject property, each of these comparables is a two-story, class 2-34 dwelling with a partial basement, one full and one half bathroom, and a two-car garage. The dwellings on these comparables are similar to the subject dwelling in age and living area size. These comparables all share the same neighborhood code and are in close proximity of the subject property. In comparison, appellant's comparable #1 is 1.3 miles away from the subject property.

The best comparables have improvement assessments that range from \$22.19 to \$27.73 per square foot of living area. The subject's improvement assessment of \$23.84 per square foot of living area is within the range established by the best comparables in this record. The Board therefore finds that the appellant did not demonstrate with clear and convincing evidence that the subject was inequitably assessed, and a reduction in the subject's assessment on this basis is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
