

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Frederich Schein
DOCKET NO.: 23-49361.001-R-1
PARCEL NO.: 13-26-205-045-0000

The parties of record before the Property Tax Appeal Board are Frederich Schein, the appellant, by attorney Andreas Mamalakis, of the Law Offices of Andreas Mamalakis in Kenosha; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$10,334
IMPR.: \$38,533
TOTAL: \$48,867

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story multi-family building of frame exterior construction with 3,343 square feet of gross building area. The building is approximately 127 years old. Features include a full basement and a 2-car garage. The property has a 2,952 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables located within the subject's assessment neighborhood and from 0.51 to 0.81 of a mile of the subject. The comparables consist of class 2-11, 1.5-story or 2-story multi-family buildings of frame exterior construction ranging in size from 2,721 to 3,177 square feet of gross building area. The buildings are from 115 to 126 years old. Four comparables each have a full

basement, and one comparable has a slab foundation. Each comparable has 1 or 2 fireplaces and a 2-car garage. The comparables have improvement assessments ranging from \$15,165 to \$20,915 or from \$5.57 to \$6.74 per square foot of gross building area. Based on this evidence, the appellant requested a reduced improvement assessment of \$21,330 or \$6.38 per square foot of gross building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$48,867. The subject property has an improvement assessment of \$38,533 or \$11.53 per square foot of gross building area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the subject's assessment neighborhood and within .25 of a mile of the subject. The comparables consist of class 2-11, 1-story or 2-story buildings of frame exterior construction ranging in size from 968 to 3,775 square feet of gross building area. The buildings are from 119 to 133 years old. Two comparables each have a full basement, and two comparables have either a slab or a crawl space foundation. One comparable has central air conditioning, and two comparables have either a 2-car or a 3-car garage. The comparables have improvement assessments ranging from \$33,595 to \$51,641 or from \$11.61 to \$34.71 per square foot of gross building area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill. Admin. Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill. Admin. Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of nine equity comparables to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to the appellant's comparables #1 and #3 along with the board of review's comparables #1, #2 and #4 which differ from the subject in design, building size, and/or foundation type. Moreover, two of the board of review's comparable lack a garage, unlike the subject.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables which overall are most similar to the subject in location, design, age, building size, foundation type and/or most features. These four comparables have improvement assessments ranging from \$19,138 to \$51,641 or from \$6.12 to \$17.97 per square foot of gross building area. The subject's improvement assessment of \$38,533 or \$11.53 per square foot of gross building area falls within the range of the most similar comparables in the record. After considering adjustments to the most common comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. A practical uniformity, rather than an absolute one, is the test. Apex Motor Fuel Co. v. Barrett, 20 Ill.2d 395 (1960). Although the comparables presented by the parties disclosed that the properties located in the same area are not assessed at identical levels, all that the constitution requires is a practical uniformity, which appears to exist on the basis of the evidence.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
