

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Yong Yi
DOCKET NO.: 23-49380.001-R-1
PARCEL NO.: 03-21-214-002-0000

The parties of record before the Property Tax Appeal Board are Yong Yi, the appellant, by attorney Eric Feldman, of Eric Feldman & Assoc. P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$7,434
IMPR.: \$41,069
TOTAL: \$48,503

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame and masonry exterior construction with 2,884 square feet of living area. The dwelling is approximately 37 years old. Features of the home include a partial basement, central air conditioning, a fireplace and a 3-car garage. The property has a 6,759 square foot site and is located in Arlington Heights, Wheeling Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five comparables located within the subject's assessment neighborhood and within 0.52 of a mile from the subject. The comparables consist of class 2-78, 2-story dwellings of frame and masonry exterior construction ranging in size from 2,811 to 3,155 square feet of living area. The dwellings are 35

to 37 years old. Each comparable has a full basement, central air conditioning, a fireplace and either a 2-car or a 3-car garage. The comparables have improvement assessments ranging from \$32,153 to \$38,031 or from \$11.40 to \$12.75 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$48,503. The subject property has an improvement assessment of \$41,069 or \$14.24 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on three comparables located within the subject's assessment neighborhood and within the subject's block or approximately ¼ of a mile from the subject. One comparable is located on the subject's same street. The comparables consist of class 2-78, 2-story dwellings of frame and masonry exterior construction containing 2,635 or 2,718 square feet of living area. The dwellings are 36 to 38 years old. Each comparable has a full basement, central air conditioning, a fireplace and a 2-car garage. The comparables have improvement assessments ranging from \$41,719 to \$43,051 or from \$15.47 to \$15.84 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of eight equity comparables for the Board's consideration, which are all relatively similar to the subject in location, design, age, dwelling size and other features. The comparables have improvement assessments ranging from \$32,153 to \$43,051 or from \$11.40 to \$15.84 per square foot of living area. The subject's improvement assessment of \$41,069 or \$14.24 per square foot of living area falls within the range of all the comparables in the record. After considering adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
