

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Chordas & Giannoulis
DOCKET NO.: 23-49796.001-R-1
PARCEL NO.: 10-27-421-038-0000

The parties of record before the Property Tax Appeal Board are Chordas & Giannoulis, the appellants, by attorney Brian P. Liston, of the Law Offices of Liston & Tsantilis, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$11,071
IMPR.: \$34,928
TOTAL: \$45,999

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellants timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a multi-level dwelling of masonry exterior construction with 1,675 square feet of living area. The dwelling is approximately 68 years old. Features of the home include a partial basement, central air conditioning and a 1-car garage. The property has a 7,908 square foot site and is located in Lincolnwood, Niles Township, Cook County. The subject is classified as a class 2-34 property under the Cook County Real Property Assessment Classification Ordinance.

The appellants contend assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables with the same assessment neighborhood code as the subject and located .9 of a mile to 1.8 miles from the subject. The comparables are improved with multi-level dwellings of masonry exterior construction ranging in size from 1,707 to 1,871 square feet of living area. The

dwelling are 64 or 67 years old and have partial basements. The comparables each have central air conditioning and a 2-car garage. Two comparables each have one fireplace. The comparables have improvement assessments ranging from \$32,212 to \$34,926 or from \$18.67 to \$18.90 per square foot of living area. Based on this evidence the appellants requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$45,999. The subject property has an improvement assessment of \$34,928 or \$20.85 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on three equity comparables with the same assessment neighborhood code and located on the same block as the subject. The comparables are class 2-34 properties improved with 2-story dwellings of masonry exterior construction ranging in size from 1,273 to 1,504 square feet of living area. The dwellings are 68 or 70 years old and have partial basements with finished area. Each comparable has central air conditioning. Comparable #1 has one fireplace and a 2-car garage. The comparables have improvement assessments ranging from \$28,866 to \$36,646 or from \$22.68 to \$24.37 per square foot of living area.

Conclusion of Law

The appellants contend assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellants did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains six suggested comparables for the Board's consideration. The Board gives less weight to appellants' comparables #1 and #3 which are located less proximate to the subject than the other comparables in the record. The Board gives less weight to board of review comparable #3 due to its significantly smaller dwelling size when compared to the subject.

The Board finds the best evidence of equity to be appellants' comparable #2 and board of review comparables #1 and #2 which overall are more similar to the subject in location, age, dwelling size and features. These comparables have improvement assessments ranging from \$32,212 to \$36,646 or from \$18.87 to \$24.37 per square foot of living area. The subject's improvement assessment of \$34,928 or \$20.85 per square foot of living area falls within the range established by the best comparables in this record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellants did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
