

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Timothy Schirack  
DOCKET NO.: 23-49809.001-R-1  
PARCEL NO.: 18-09-301-030-0000

The parties of record before the Property Tax Appeal Board are Timothy Schirack, the appellant(s); and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$8,492  
**IMPR.:** \$36,735  
**TOTAL:** \$45,227

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

Appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of an 8,710 square foot parcel of land improved with a 67-year-old, one-story, masonry, single-family dwelling, containing 2,137 square feet of living area. The property is located in La Grange, Lyons Township, Cook County and is a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

Appellant contends assessment inequity as the basis of the appeal. In support of its assessment inequity argument, appellant submitted information on five suggested equity comparables. They were each improved with a single-family dwelling of masonry construction. They ranged in size between 2,063 and 2,278 square feet of living area and in improvement assessment between \$16.67 and \$17.84 per square foot of living area. They had either 1.5 or 2 bathrooms. Appellant also included a copy of the board of review's written decision reflecting a final assessment for the subject property of \$67,281. Based on this evidence, appellant requested a reduction in the subject's assessment to \$45,227.

The board of review submitted its "Board of Review Notes on Appeal" depicting a total assessed valuation of \$67,281, with an improvement assessment of \$58,789, or \$27.51 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted four comparable properties. Each of the comparable properties was improved with either a one-story or a one-and-one-half-story, single-family dwelling, of either masonry, frame, or frame and masonry construction. They ranged from 2,262 to 3,922 square feet of living area and in assessment between \$27.50 and \$29.53 per square foot of living area. They ranged in number of bathrooms from 2.1 to 4.1. The board of review also included information in its grid analysis indicating three of its comparables sold in 2022 for prices ranging from \$820,000 to \$1,800,000.

In rebuttal, appellant submitted a brief indicating the board of review's comparables #1, #3, and #4 are not in the same neighborhood as the subject property. Appellant indicates the board of review's comparables #1 and #2 are much newer than the subject property and all four of the board of review's comparables differ in size from the subject property. Appellant also pointed out differences between the subject property and the board of review's comparables in condition and the existence of an attic or size of car garage.

### **Conclusion of Law**

Appellant contends assessment inequity as the bases of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds appellant *did meet* this burden of proof and a reduction in the subject's assessment *is* warranted.

The Board finds the best evidence of assessment equity to be *appellant's comparables #3, #4, and #5*. The best comparables had improvement assessments that ranged from \$17.11 to \$17.84 per square foot of living area. The subject's improvement assessment of \$27.51 per square foot of living area falls above the range established by the best comparables in this record. After considering all the comparable properties submitted by the parties with emphasis on those properties that are more proximate in location, more similar in size, and with similar features relative to the subject and after further considering adjustments to the best comparable properties or differences from the subject, the Board finds the subject's improvement assessment is not supported. The Board finds that the appellant did demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and, therefore, a reduction in the subject's assessment commensurate with the appellant's request is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
