

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Meghann Replin
DOCKET NO.: 23-49843.001-R-1
PARCEL NO.: 18-05-219-013-0000

The parties of record before the Property Tax Appeal Board are Meghann Replin, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$7,385
IMPR.: \$60,614
TOTAL: \$67,999

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The property is a 6,714 square foot site located in LaGrange, Lyons Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance. The subject improvement is an approximately 98-year-old, two-story dwelling of frame and masonry construction with 2,337 square feet of living area. Features of the dwelling include three bathrooms, a partial basement, air-conditioning, and a two-car garage.

The appellant contends assessment inequity and overvaluation as the basis of the appeal. In support of the overvaluation argument the appellant submitted information on four comparable sales. The comparable properties are in the same neighborhood and 0.70 miles from the subject. They range in age from 71 to 100 years; in size from 2,430 to 2,732 square feet of living area; and sold between January 2021 and September 2021 for prices ranging from \$536,000 to

\$700,000 or \$200.82 to \$266.26 per square foot. In support of the inequity argument the appellant submitted information on the same four equity comparable properties. They have improvement assessments ranging from \$19.03 to \$24.56 per square foot of living area. The appellant is requesting a total assessment be reduced to \$57,765.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$67,999. The subject's assessment reflects a market value of \$679,990 or \$290.97 per square foot of living area, including land, when applying the median level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10%. In support of its contention of the correct assessment the board of review did not submit any information on comparable sales. It submitted that the subject property has an improvement assessment of \$60,614 or \$25.94 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparable properties. The suggested comparable properties are in the same neighborhood and within a quarter mile of the subject of the subject. They range in age from 94 to 110 years; in size from 2,219 to 2,734 square feet; and have improvement assessments ranging from \$26.36 to \$28.80 per square foot of living area. The board of review requested that the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Clear and convincing evidence means more than a preponderance of the evidence, but it does not need to approach the degree of proof needed for a conviction of a crime. Bazyldo v. Volant, 164 Ill. 2d 207, 213 (1995).

Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparable properties to the subject property. 86 Ill.Admin.Code §1910.65(b). The Illinois Constitution requires that real estate taxes "be levied uniformly by valuation ascertained as the General Assembly shall provide by law." Ill. Const., art. IX, § 4 (1970); Walsh v. Property Tax Appeal Board, 181 Ill. 2d 228, 234 (1998). This uniformity provision of the Illinois Constitution does not require absolute equality in taxation, however, and it is sufficient if the taxing authority achieves a reasonable degree of uniformity. Peacock v. Property Tax Appeal Board, 339 Ill. App. 3d 1060, 1070 (4th Dist. 2003).

The Board finds the best evidence of assessment equity to be appellant's comparable property #4 and the board of review comparable properties #1 and #3. These comparable properties had improvement assessments that ranged from \$22.32 to \$27.03 per square foot of living area. The subject's improvement assessment of \$25.94 per square foot of living area falls within the range established by the best comparable properties in this record.

After considering all the best comparable properties submitted by the parties with emphasis on those properties that are proximate in location, similar in size of living area, and with similar

features to the subject and after further considering adjustments to the best comparable properties for differences from the subject, the Board finds the appellant did not demonstrate to the level of clear and convincing evidence that the subject's improvement was inequitably assessed. The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment as to this basis is not warranted

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c).

The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment under this basis is not warranted.

The Board finds the best evidence of market value to be appellant's comparable sale #4 and this sale alone is insufficient to meet the appellant's burden of proof. Therefore, a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
