

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: John Mallios
DOCKET NO.: 23-49882.001-R-1
PARCEL NO.: 10-27-309-057-0000

The parties of record before the Property Tax Appeal Board are John Mallios, the appellant(s), by attorney Brian P. Liston, of the Law Offices of Liston & Tsantilis, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$7,058
IMPR.: \$44,941
TOTAL: \$51,999

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of masonry exterior construction with 2,830 square feet of living area. The dwelling is approximately 37 years old. Features of the home include a full basement, one fireplace and a 1-car garage. The property has a 5,228 square foot site and is located in Skokie, Niles Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables that have the same assessment neighborhood code and property classification code

as the subject property.¹ The comparables are class 2-78 properties improved with 2-story dwellings of masonry exterior construction ranging in size from 2,734 to 2,874 square feet of living area. The dwellings range in age from 52 to 62 years old. The comparables each have a full basement, two comparables have central air conditioning, one comparable has a fireplace, and each comparable has a 2-car garage. The comparables have improvement assessments that range from \$40,673 to \$41,780 or from \$14.52 to \$14.88 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$51,999. The subject property has an improvement assessment of \$44,942 or \$15.88 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables that have the same property classification code and neighborhood code as the subject.² The comparables are located within the same block or subarea as the subject. The comparables are class 2-78 properties improved with two-story dwellings of masonry or frame and masonry exterior construction ranging in size from 2,666 to 3,052 square feet of living area. The dwellings are from 12 to 22 years old. The comparables each have a full basement, two with finished area. Each comparable has central air conditioning, one fireplace and a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$46,866 to \$64,527 or from \$16.03 to \$23.19 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven comparable properties for the Board's consideration. The Board finds all the comparables have varying degrees of similarity to the subject dwelling in size, design, age and features. However, the Board finds the appellant's comparables are located less proximate to the subject than the board of review comparables. Therefore, the Board gives most weight to the board of review comparables which have improvement assessments ranging from \$46,866 to \$64,527 or from \$16.03 to \$23.19 square foot of living area. The subject's improvement assessment of \$44,942 or \$15.88 per square foot of living area falls below the range established by the comparables in the record which is logical due to subject's older age.

¹ The Property Index Numbers (PINs) of the appellant's comparables begin with 10-28, 10-22, or 10-30, indicating the comparables are located in sections 28, 22 or 30, whereas the subject PIN begins with 10-27, indicating the subject is located in section 27.

² The Property Index Numbers (PINs) of the board of review comparables begin with 10-27, indicating the comparables are located in section 27, like the subject.

After considering adjustments to the comparables in the record for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed. Based on this record, the Board a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
