

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jeanne Busch
DOCKET NO.: 23-50041.001-R-1
PARCEL NO.: 15-13-421-023-0000

The parties of record before the Property Tax Appeal Board are Jeanne Busch, the appellant, by Brian P. Liston, attorney-at-law of the Law Offices of Liston & Tsantilis, P.C. in Chicago, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$2,812
IMPR.: \$26,086
TOTAL: \$28,898

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a 1.5-story dwelling of masonry exterior construction containing 1,120 square feet of living area. The dwelling is approximately 96 years old. Features of the property include a full basement with a formal recreation room, central air conditioning, two bathrooms and a 2-car garage. The property has a 3,750 square foot site located in Forest Park, Proviso Township, Cook County. The subject is a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends inequity regarding the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables improved with one-story dwellings of masonry exterior construction that have either 1,076 or 1,087 square feet of living area and are 94 or 95 years old. Each property has a full basement, one bathroom and a 2-car garage. One comparable has central air conditioning.

These properties have the same neighborhood code as the subject and are located .6 or .7 of a mile from the subject property. The comparables have improvement assessments ranging from \$22,120 to \$23,165 or from \$20.35 to \$21.53 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$23,512.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$28,898. The subject property has an improvement assessment of \$26,086 or \$23.29 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables consisting of class 2-03 properties improved with one-story dwellings of frame or masonry exterior construction that range in size from 1,023 to 1,189 square feet of living area. The dwellings are 87 to 100 years old. Each property has a full basement with one having finished area, one bathroom, and a 2-car garage. One comparable has central air conditioning. These properties have the same neighborhood code as the subject and are in the same block as the subject property. Comparables #3 and #4 are located along the same street as the subject property. The comparables have improvement assessments ranging from \$24,619 to \$28,047 or from \$23.58 to \$27.32 per square foot of living area.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted information on seven equity comparables with the same classification code and neighborhood code as the subject property to support their respective positions. The comparables are similar to the subject in size and age. The comparables have varying degrees of similarity to the subject property and would require adjustments to make them more equivalent to the subject. Each comparable has one less bathroom than the subject, indicating each property would require an upward adjustment to make it more equivalent to the subject for this difference. Five of the comparables do not have central air conditioning, which is a feature of the subject property, indicating these five properties would require upward adjustments to make them more equivalent to the subject for this difference. These seven comparables have improvement assessments that range from \$22,120 to \$28,047 or from \$20.35 to \$27.32 per square foot of living area. The subject's improvement assessment of \$26,086 or \$23.29 per square foot of living area falls within the range established by the comparables in this record and is well supported after considering the appropriate adjustments to the comparables for differences from the subject property. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
