

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Neil Silber  
DOCKET NO.: 23-50532.001-R-1  
PARCEL NO.: 10-34-303-071-0000

The parties of record before the Property Tax Appeal Board are Neil Silber, the appellant(s), by attorney Brian S. Maher, of Weis, DuBrock, Doody & Maher in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$11,458  
**IMPR.:** \$39,004  
**TOTAL:** \$50,462

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 1-story dwelling of masonry exterior construction with 2,536 square feet of living area that is approximately 57 years old. The features of the subject include 3½ baths, a partial, unfinished basement, central air conditioning, a fireplace, and a 2-car garage. The property has an 8,184 square foot site and is located in Lincolnwood, Niles Township, Cook County. The subject is classified as a class 2-04 property<sup>1</sup> under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject property. The comparables consist of 1-story, class 2-04 single family dwellings of masonry exterior

construction ranging in size from 2,347 to 2,958 square feet of living area and being either 67 or 68 years old. Each comparable features 2½ baths, central air conditioning, one fireplace, and a 1-car or a 2-car garage. Three comparables have either a full or a partial basement with undisclosed finished areas, and one dwelling has a concrete slab foundation. The comparables have improvement assessments that range from \$32,216 to \$41,368 or from \$12.38 to \$14.13 per square foot of living area. The appellant's counsel also submitted a brief requesting a reduction to the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$50,462. The appellant disclosed that the subject has an improvement assessment of \$39,004 or \$15.38 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted a grid analysis with information on four equity comparables located within ¼ of a mile or within the same (survey) block as the subject and within the same assessment neighborhood code as the subject property. The comparables consist of 1-story, class 2-04 dwellings of masonry exterior construction ranging in size from 1,904 to 2,516 square feet of living area and ranging in age from 57 to 65 years old. The comparables each feature a full or partial basement (three of which are finished with a recreation room), central air conditioning, 1 or 2 fireplaces, and a 2-car garage. The comparables have improvement assessments ranging from \$30,902 to \$45,140 or from \$16.23 to \$18.68 per square foot of living area.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight equity comparables in support of their positions. The Board gave less weight to appellant's comparables #3 and #4, and board of review comparable #4 due to their significantly differing dwelling sizes relative to the subject dwelling. Additionally, appellant's comparable #3 has a concrete slab foundation, different from the subject's basement foundation. On this record, the Board finds the best evidence of equity in assessment to be appellant's comparables #1 and #2, along with board of review comparables #1, #2, and #3 which are overall most similar to the subject in location, age, dwelling size, foundation, and other features. The best comparables in this record have improvement assessments ranging from \$32,216 to \$45,140 or from \$12.38 to \$18.68 per square foot of living area. The subject's improvement assessment of \$39,004 or \$15.38 per square foot of living area falls within the range established by the best comparables in this record both in terms of overall improvement assessment and on a per square foot of living area basis.

After considering adjustments to the comparables in this record for differences from the subject, the Board finds that the appellant did not establish by clear and convincing evidence that the subject's improvement is inequitably assessed and, therefore, a reduction in the subject's improvement assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
