

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Frederick Sears, Sr.
DOCKET NO.: 23-50623.001-R-1
PARCEL NO.: 25-18-308-019-0000

The parties of record before the Property Tax Appeal Board are Frederick Sears, Sr., the appellant, by attorney Dora Cornelio of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$21,157
IMPR.: \$20,843
TOTAL: \$42,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame exterior construction with 2,894 square feet of living area. The dwelling is approximately 119 years old. The property features a full basement,¹ one fireplace and a 2-car garage. The property has a 22,720 square foot site and is located in Chicago, Lake Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables, none of which have the same assessment neighborhood code as the subject. The comparables are class 2-06 properties improved with two-story dwellings of frame exterior

¹ The parties differ as to the description of the subject's basement. The appellant reported the subject's basement is finished with a recreation room, whereas the board of review reported the subject has an unfinished basement.

construction ranging in size from 2,644 to 3,098 square feet of living area. The dwellings range in age from 100 to 144 years old. The comparables each have a full basement with finished area. Two comparables each have one or three fireplace and four comparables each have either a 1-car or a 2-car garage. The comparables have improvement assessments that range from \$3,596 to \$4,747 or from \$1.33 to \$1.53 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$4,022 or \$1.39 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$42,000. The subject property has an improvement assessment of \$20,843 or \$7.20 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables that have the same assessment neighborhood code as the subject and are located within the same block as the subject property or approximately ¼ of a mile from the subject. The comparables are class 2-05 or 2-06 properties improved with two-story dwellings of frame exterior construction ranging in size from 2,032 to 3,118 square feet of living area. The dwellings range in age from 111 to 118 years old. The comparables each have a partial basement, two of which have finished area. Two comparables have central air conditioning. Each comparable has one or two fireplaces and either a 1-car, a 2-car or a 2.5-car garage. The comparables have improvement assessments ranging from \$26,367 to \$33,875 or from \$10.22 to \$13.84 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine comparable properties for the Board's consideration. The Board has given less weight to the appellant's comparables which are located outside of the subject's assessment neighborhood and/or they differ from the subject dwelling in age. The Board has given reduced weight to board of review comparables #1 and #2 due to their smaller dwelling sizes, when compared to the subject.

The Board finds the best evidence of assessment equity to be board of review comparables #3 and #4, which are overall more similar to the subject in location, dwelling size, design and age. However, the Board finds these two comparables have other features with varying degrees of similarity when compared to the subject, suggesting adjustments would be required to make the comparables more equivalent to the subject. Nevertheless, the comparables have improvement assessments of \$31,866 and \$33,875 or \$10.22 and \$10.94 per square foot of living area,

respectively. The subject's improvement assessment of \$20,843 or \$7.20 per square foot of living area falls below the two best comparables in the record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
