

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Michael Psaltis
DOCKET NO.: 23-50660.001-R-1
PARCEL NO.: 18-06-418-037-0000

The parties of record before the Property Tax Appeal Board (PTAB) are Michael Psaltis, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, PTAB hereby finds **No Change** in the Cook County Board of Review's assessment of the property is warranted. The correct assessed valuation of the property is:

LAND: \$7,644
IMPR.: \$96,979
TOTAL: \$104,623

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a Cook County Board of Review decision pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) contesting the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

A 3,710 square feet, two-story mortar building on a 7,644 square feet parcel in Western Springs, Lyons Township, Cook County comprises the subject property. The 16-year-old, class 2-78 residence per the Cook County Real Property Assessment Classification Ordinance featured four bathrooms, two fireplaces, air conditioning, a two-car garage, and a full basement.

The appellant based the petition on assessment inequity, contending that the assessment should be lowered to \$24.71 per improvement square foot. As evidence of nonuniformity, the appellant nominated five class 2-78 residences within .27 miles of the subject. These suggested comparables featured a two- or 2.5-car garage, 2.5 or 3.5 bathrooms, air conditioning, and a full basement or slab foundation. These potential comparator improvements were between 10 and 33 years in building age; 2,746 and 3,495 square feet in size; and \$23.06 and \$25.42 per living square foot in improvement assessment.

The board of review countered that the subject improvement assessment of \$96,979, or \$26.14 per living square foot, was equitable in its “Notes on Appeal.” In defense of the \$104,623 total subject assessment, the county board of review proposed four two-story improvements within a quarter mile of the subject as equity comparables. The board of review’s preferred comparators all featured a full basement, a two-car garage, air conditioning, and 2.5 to five bathrooms. These properties were 10 to 22 years in building age; 3,361 to 4,303 square feet in living area; and \$27.16 to \$28.65 per living square foot in improvement assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. The Illinois Constitution requires real estate taxes “be levied uniformly by valuation ascertained as the General Assembly shall provide by law.” Ill. Const., art. IX, § 4 (1970); Walsh v. Property Tax Appeal Board, 181 Ill. 2d 228, 234 (1998). Yet this uniformity provision of the Illinois Constitution does not mandate absolute equality in taxation; instead, a reasonable degree of uniformity in the taxing authority’s assessments suffices. Peacock v. Property Tax Appeal Board, 339 Ill. App. 3d 1060, 1070 (4th Dist. 2003).

When the ground for appeal is unequal treatment in the assessment, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e); Walsh, 181 Ill. 2d at 234 (1998). Clear and convincing evidence means more than a preponderance of the evidence, but it does not need to approach the degree of proof required for a criminal conviction. Bazyldo v. Volant, 164 Ill. 2d 207, 213 (1995). Proof of unequal treatment in the assessment should consist of assessment documentation for the year in question of similarly situated properties of compelling proximity to, and with a lack of distinguishing characteristics from, the subject property. 86 Ill.Admin.Code §1910.65(b). The Property Tax Appeal Board (PTAB) finds the appellant fell short of satisfying this burden of proof.

As the only properties within 206 square feet of the subject improvement’s size, board of review comparables #1 and #3 serve as the best benchmarks for assessment equity in this record. Board of review comparable #1 contained marginally more living area than the subject but lacked two of the subject’s full bathrooms. Meanwhile, board of review comparable #3 lacked some of the subject’s improvement size but otherwise matched its amenities. By contrast, the largest improvement the appellant submitted was still 215 square feet smaller than the subject improvement. Because subject’s \$20.58 per improvement square foot assessment is lower than the \$28.26 or \$27.16 per living square foot assessments of the best comparators, PTAB finds the appellant did not demonstrate inequitable subject assessment by clear and convincing evidence and a reduction commensurate with the appellant’s request is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
