

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ali Oskouie
DOCKET NO.: 23-50765.001-R-1
PARCEL NO.: 18-06-301-004-0000

The parties of record before the Property Tax Appeal Board (PTAB) are Ali Oskouie, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, PTAB hereby finds **No Change** in the Cook County Board of Review's assessment of the property is warranted. The correct assessed valuation of the property is:

LAND: \$9,180
IMPR.: \$58,836
TOTAL: \$68,016

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a Cook County Board of Review decision pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) contesting the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2,678 square feet, multi-level stucco building on a 7,200 square feet lot in Hinsdale, Lyons Township, Cook County. The 67-year-old, class 2-04 residence under the Cook County Real Property Assessment Classification Ordinance featured three bathrooms, air conditioning, a two-car garage, and a full basement.

The appellant based the petition on assessment inequity, contending that the assessment should be lowered to \$19.81 per improvement square foot. As evidence of nonuniformity, the appellant nominated four class 2-04 residences within .4 miles of the subject. These suggested comparables featured a two-car garage, 1.5 to 2.5 bathrooms, air conditioning, and a full or partial basement. These potential comparator improvements were between 30 and 72 years in building age; 2,103 and 3,378 square feet in size; and \$18.12 and \$20.87 per living square foot in improvement assessment.

The board of review countered that the subject improvement assessment of \$58,836, or \$21.97 per living square foot, was equitable in its “Notes on Appeal.” In defense of the \$68,016 total subject assessment, the county board of review proposed four improvements in the subject’s subarea as equity comparables. The board of review’s preferred comparators all featured a full or crawl-space basement, a 1.5- or two-car garage, air conditioning, and two to three bathrooms. These properties were 62 to 87 years in building age; 1,841 to 2,718 square feet in living area; and \$22.88 to \$24.50 per living square foot in improvement assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. The Illinois Constitution requires real estate taxes “be levied uniformly by valuation ascertained as the General Assembly shall provide by law.” Ill. Const., art. IX, § 4 (1970); Walsh v. Property Tax Appeal Board, 181 Ill. 2d 228, 234 (1998). Yet this uniformity provision of the Illinois Constitution does not mandate absolute equality in taxation; instead, a reasonable degree of uniformity in the taxing authority’s assessments suffices. Peacock v. Property Tax Appeal Board, 339 Ill. App. 3d 1060, 1070 (4th Dist. 2003).

When the ground for appeal is unequal treatment in the assessment, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e); Walsh, 181 Ill. 2d at 234 (1998). Clear and convincing evidence means more than a preponderance of the evidence, but it does not need to approach the degree of proof required for a criminal conviction. Bazyldo v. Volant, 164 Ill. 2d 207, 213 (1995). Proof of unequal treatment in the assessment should consist of assessment documentation for the year in question of similarly situated properties of compelling proximity to, and with a lack of distinguishing characteristics from, the subject property. 86 Ill.Admin.Code §1910.65(b). The Property Tax Appeal Board (PTAB) finds the appellant fell short of satisfying this burden of proof.

As the only properties within 345 square feet of the subject improvement’s size, board of review comparables #1 and #2 serve as the best benchmarks for assessment equity in this record. In addition to being the most similar of the properties in evidence to the subject’s living area, appellant comparable #2 offset its lesser bathroom utility with a newer building relative to the subject, while board of review comparable #1’s larger improvement mitigated the lack of one of the subject’s full bathrooms. This evidence indicates that the subject would be equitably assessed around \$22.88 to \$24.42 per living square foot. Because no evidence shows that the subject assessment of \$20.58 per improvement square foot is inequitable or misaligned with those of comparable properties, PTAB concludes the appellant did not demonstrate inequitable subject assessment by clear and convincing evidence and a reduction commensurate with the appellant’s request is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
