

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: ABC Turnkey Properties
DOCKET NO.: 23-50898.001-R-1
PARCEL NO.: 20-32-401-002-0000

The parties of record before the Property Tax Appeal Board are ABC Turnkey Properties, the appellant, by attorney Brian P. Liston, of the Law Offices of Liston & Tsantilis, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$2,437
IMPR.: \$11,222
TOTAL: \$13,659

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.5-story dwelling of masonry exterior construction with 1,690 square feet of living area. The dwelling is approximately 99 years old. Features of the home include a full basement, one fireplace, and a 2-car garage. The property has a 3,750 square foot site and is located in Chicago, Lake Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables located within the subject's assessment neighborhood. The comparables are improved with 1-story or 1.5-story, class 2-03 dwellings of masonry exterior construction ranging in size from 1,567 to 1,763 square feet of living area. The dwellings range in age from 96 to 110 years old. Each comparable has a full basement and a 2-car garage. Two comparables

each have one fireplace. The comparables have improvement assessments ranging from \$10,400 to \$11,689 or from \$6.63 to \$6.98 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$11,222.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$15,999. The subject property has an improvement assessment of \$13,562 or \$8.02 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on three suggested equity comparables located within the subject's assessment neighborhood. The comparables are improved with 1-story or 1.5-story, class 2-03 dwellings of frame or masonry exterior construction ranging in size from 1,200 to 1,505 square feet of living area. The dwellings range in range from 103 to 113 years old. Each comparable has a full basement. Two comparables each have a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$3,494 to \$9,704 or from \$2.32 to \$7.19 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted seven suggested comparables for the Board's consideration. The Board gives less weight to the board of review comparables each are less similar to the subject in dwelling size and/or lack a garage, which the subject features.

The Board finds the best evidence of assessment equity to be the appellant's comparables which are overall most similar to the subject in classification, age, dwelling size, and most features. The best comparables have improvement assessments ranging from \$10,400 to \$11,689 or from \$6.63 to \$6.98 per square foot of living area. The subject property's improvement assessment of \$13,562 or \$8.02 per square foot of building area falls above the range established by the best comparables in this record and appears to be excessive. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment, commensurate with the appellant's request, is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
