

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Berton Puthankudy
DOCKET NO.: 23-50941.001-R-1
PARCEL NO.: 15-07-419-033-0000

The parties of record before the Property Tax Appeal Board are Berton Puthankudy, the appellant, by Amy C. Floyd, Attorney at Law in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,508
IMPR.: \$19,491
TOTAL: \$22,999

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of frame and masonry exterior construction with 1,094 square feet of living area. The dwelling is approximately 68 years old. Features of the home include a full basement and a 2-car garage. The property has an approximately 6,379 square foot site and is located in Hillside, Proviso Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted four equity comparables that are located in the same assessment neighborhood code as the subject property. The comparables are improved with class 2-03, 1-story dwellings of frame, masonry or frame and masonry exterior construction that range in size from 1,260 to 1,455 square feet of living area. The dwellings range in age from 70 to 72 years old. Two comparables each have a slab foundation and two comparables each have a full or partial basement. Two comparables each have central air

conditioning and two comparables each have one fireplace. Each comparable has a 2-car garage. The comparables have improvement assessments that range from \$12,402 to \$16,527 or from \$9.41 to \$11.36 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$12,373 or \$11.31 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$22,999. The subject property has an improvement assessment of \$19,491 or \$17.82 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with class 2-03, 1-story dwellings of frame and masonry exterior construction that each contain 1,094 square feet of living area. The dwellings are 67 or 68 years old. Each comparable has a full basement and a 2-car garage. One comparable has central air conditioning. The comparables have improvement assessments that range from \$19,586 to \$20,436 or from \$17.90 to \$18.68 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains eight suggested equity comparables for the Board's consideration. The Board has given less weight to the appellant's comparables as well as board of review comparable #4 due to their differences from the subject in dwelling size, central air conditioning amenity and/or slab foundations.

The Board finds the best evidence of assessment equity to be board of review comparables #1, #2 and #3. The Board finds that these three comparables are most similar to the subject in design, age, dwelling size, foundation and some features. These three most similar comparables have improvement assessments ranging from \$19,586 to \$20,436 or from \$17.90 to \$18.68 per square foot of living area. The subject's improvement assessment of \$19,491 or \$17.82 per square foot of living area falls below the range of the three best comparables in this record. Based on this record and after considering adjustments to the three best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
