

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Waclaw Pazdziora  
DOCKET NO.: 23-51206.001-R-1  
PARCEL NO.: 18-35-223-013-0000

The parties of record before the Property Tax Appeal Board are Waclaw Pazdziora, the appellant, by George N. Reveliotis, attorney-at-law of Reveliotis Law, P.C. in Park Ridge, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$4,421  
**IMPR.:** \$48,216  
**TOTAL:** \$52,637

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 9,825 square foot site improved with a three-story multi-family building of masonry exterior construction containing 5,880 square feet of building area. The building is approximately 49 years old. Features of the property include an unfinished partial basement, one fireplace, and six bathrooms.<sup>1</sup> The property is located in Justice, Lyons Township, Cook County. The subject is a class 2-11 apartment building under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends inequity regarding the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on eight equity comparables consisting of class 2-11 properties improved with two-story or three-story or higher

<sup>1</sup> The appellant submitted a copy of the Cook County Assessor's Office property characteristics sheet for the subject property disclosing the property has one fireplace.

multi-family buildings of masonry exterior construction that range in size from 5,880 to 7,011 square feet of building area. The buildings are 33 to 51 years old. One comparable has a slab foundation, one comparable has a full basement with an apartment, and six comparables have unfinished partial basements. The comparables have five or six full bathrooms and comparable #7 has an additional five half bathrooms. Each property has one fireplace. The comparables have the same assessment neighborhood code as the subject and are located within .15 of a mile from the subject property. The comparables have improvement assessments that range from \$46,237 to \$53,579 or from \$7.64 to \$8.33 per square foot of building area. The appellant requested the subject's improvement assessment be reduced to \$47,452.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$54,999. The subject property has an improvement assessment of \$50,578 or \$8.60 per square foot of building area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables consisting of class 2-11 properties improved with one-story or two-story multi-family buildings of masonry exterior construction that range in size from 1,584 to 2,247 square feet of building area. The buildings are from 53 to 73 years old. Each comparable has a full basement finished with either an apartment or a formal recreation room, two bathrooms and a 2-car or 3.5-car garage. One comparable has central air conditioning. The comparables have different neighborhood codes than the subject property. These properties have improvement assessments ranging from \$20,773 to \$39,300 or from \$11.60 to \$18.26 per square foot of building area.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted information on twelve equity comparables with the same classification code as the subject property to support their respective positions. The Board gives little weight to the comparables submitted by the board of review due to differences from the subject in location, style, building size and features. The Board gives less weight to appellant's comparable #3 due to differences from the subject in foundation. The Board gives less weight to appellant's comparable #7 due to differences from the subject in style, age, foundation and foundation finish. The Board gives less weight to appellant's comparable #8 due to differences from the subject in building size. The Board finds the best evidence of assessment equity to be appellant's comparables #1, #2, #4, #5 and #6 that are identical to the subject property in building size and features. These five comparables have improvement assessments that range from \$46,864 to \$48,980 or from \$7.97 to \$8.33 per square foot of building area. The subject's improvement assessment of \$50,578 or \$8.60 per square foot of building area falls above the range established by the best comparables in this record. Based on this record the Board finds

the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
