

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Lawrence Harris
DOCKET NO.: 23-51212.001-R-1
PARCEL NO.: 24-15-203-022-0000

The parties of record before the Property Tax Appeal Board are Lawrence Harris, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$5,091
IMPR.: \$33,908
TOTAL: \$38,999

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of masonry exterior construction with 2,463 square feet of living area. The home is approximately 58 years old. Features include a partial basement, central air conditioning, and a 2-car garage. The property has a 7,273 square foot site and is located in Oak Lawn, Worth Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the subject's assessment neighborhood. The comparables are improved with 2-story, class 2-78 dwellings of masonry or frame and masonry exterior construction ranging in size from 2,433 to 2,616 square feet of living area. The homes are either 56 or 62 years old. Three comparables each have a full or partial basement and one comparable has a slab foundation. Each comparable has central air conditioning and a 2-car garage. The

comparables have improvement assessments ranging from \$29,019 to \$32,750 or from \$11.71 to \$12.92 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$38,999. The subject property has an improvement assessment of \$33,908 or \$13.77 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the subject's assessment neighborhood. The comparables are improved with 2-story, class 2-78 dwellings of masonry or frame and masonry exterior construction ranging in size from 2,310 to 2,520 square feet of living area. The homes range in age from 50 to 59 years old. Each comparable has a full or partial basement. Three comparables each have central air conditioning. Three comparables each have a 2-car garage. The comparables have improvement assessments ranging from \$32,148 to \$35,378 or from \$13.92 to \$14.06 per square foot of living area. The board of review asserts that the assessed value per square foot of the comparables are the same or higher than the subject which supports the subject's assessed value as equitable.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparable #4 and board of review comparable #1 which lack a basement foundation and garage, respectively, both of which are features of the subject. Further, the appellant's comparable #4 is located 1.7 miles from the subject, less proximate to the subject than the other comparables in this record.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1, #2, and #3 as well as board of review comparables #2, #3, and #4 which are overall most similar to the subject property in location, design/class, age, dwelling size, and other features. The best comparables have improvement assessments ranging from \$29,019 to \$35,378 or from \$11.71 to \$14.06 per square foot of living area. The subject's improvement assessment of \$33,908 or \$13.77 per square foot of living area falls within the range established by the best comparables in this record. After considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate that the subject's improvement was inequitably assessed and a reduction in the subject's improvement assessment based on inequity is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
