

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Louis Korompilas
DOCKET NO.: 23-51250.001-R-1
PARCEL NO.: 18-19-103-070-0000

The parties of record before the Property Tax Appeal Board are Louis Korompilas, the appellant(s), by attorney Brian P. Liston, of the Law Offices of Liston & Tsantilis, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$33,248
IMPR.: \$175,751
TOTAL: \$208,999

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry construction with 9,340 square feet of living area. The dwelling is approximately 21 years of age. Features of the home include a full basement, central air conditioning, four fireplaces and a four-car garage. The property is located in Burr Ridge, Lyons Township, Cook County. The subject is classified as a class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables. The appellant comparables are all two-story of masonry construction. They all have full basements, central air conditioning and at least one fireplace. They range in size from 7,154 to 7,457 square feet of living space; and in improvement assessment from \$102, 344 to \$125,650 or \$14.31 to \$16.85

per square foot of living area. They range in distance from .6 to .8 miles to the subject property. The appellant is asking for a reduction in total assessment to \$175,123 in total assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$208,999. The subject property has an improvement assessment of \$175,571 or \$18.82 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables. Each of the board comparables is two-story constructed of masonry material. They all feature full basements, central air conditioning and at least four fireplaces. They have three or four car garages and six to eight full bathrooms. They range in size from 5,590 to 8,566 square feet in living space; and in improvement assessment from \$170,102 to \$266,754 or \$19.91 to \$47.72 per square foot of living area. The board comparables range from on the same block to a quarter miles distance from the subject property. The board of review is asking for no change in assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant *met/did not meet* this burden of proof and a reduction in the subject's assessment *is/is not* warranted.

The Board finds the best evidence of assessment equity to be *board of review comparables two, three and four*. These comparables favor the subject property most notably by virtue of their size, also by location and features. They had improvement assessments that ranged from \$19.91 to \$21.68 per square foot of living area. The subject's improvement assessment of \$18.82 per square foot of living area falls below the range established by the best comparables in this record. Based on this record the Board finds the appellant *did not* demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment *is not* justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
