

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Arlyn Tratt
DOCKET NO.: 23-51269.001-R-1
PARCEL NO.: 10-27-301-023-0000

The parties of record before the Property Tax Appeal Board are Arlyn Tratt, the appellant, by attorney Anthony DeFrenza, of the Law Office of DeFrenza & Mosconi PC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$5,524
IMPR.: \$21,976
TOTAL: \$27,500

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of masonry exterior construction with 1,142 square feet of living area. The dwelling is approximately 67 years old. Features of the home include a full basement, central air conditioning, and a fireplace. The property has a 4,092 square foot site and is located in Skokie, Niles Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of this argument the appellant submitted evidence disclosing the subject property was purchased on August 31, 2022 for a price of \$275,000. The appellant reported that the seller was David Zaslowsky, the parties to the transaction were not related, and the property sold through a realtor. The appellant also indicated the property was advertised for sale through the Multiple Listing Service for a period of three

months. The appellant also submitted copies of the deed, purchase contract, listing sheet, and settlement statement confirming the sale price and the payment of realtor commissions. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$31,999. The subject's assessment reflects a market value of \$319,990 or \$280.20 per square foot of living area, land included, when applying the 10% level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales, three of which are located within the subject's assessment neighborhood and within .25 of a mile of the subject. The comparables consist of 1-story class 2-03 dwellings of frame or masonry exterior construction ranging in size from 1,025 to 1,290 square feet of living area. The dwellings are 66 to 93 years old. Each dwelling has a full or partial basement and a 2-car garage. Three comparables have central air conditioning and one comparable has a fireplace. The parcels range from 4,960 to 6,387 square feet of land area. The comparables sold from February 2021 to February 2023 for prices ranging from \$410,000 to \$470,000 or from \$364.34 to \$414.63 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill. Admin. Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill. Admin. Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the purchase of the subject property in August 2022 for a price of \$275,000. The appellant submitted a copy of the listing sheet and settlement statement disclosing the property was advertised for sale and had the elements of an arm's length transaction. The Board finds the purchase price is below the market value reflected by the assessment. The Board finds the board of review did not challenge the arm's length nature of the sale. The Board gave less weight to the comparables presented by the board of review, three of which differ from the subject in age, features, or sold less proximate to the assessment date at issue. The board of review's remaining sale does not overcome the weight given to the subject's sale price. Based on this evidence, the Board finds a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
