

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Becky Choi
DOCKET NO.: 23-51563.001-R-1
PARCEL NO.: 10-21-405-057-0000

The parties of record before the Property Tax Appeal Board are Becky Choi, the appellant, by attorney Andreas Mamalakis, of the Law Offices of Andreas Mamalakis in Kenosha; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$6,999
IMPR.: \$33,001
TOTAL: \$40,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of masonry exterior construction with 2,310 square feet of living area. The dwelling is approximately 23 years old. Features of the home include a full basement, central air conditioning and a 2-car garage. The property has a 2,042 square foot site and is located in Skokie, Niles Township, Cook County. The subject is classified as a class 2-95 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables with the same assessment neighborhood code as the subject and located within .56 of a mile from the subject property. Three comparables are also located on the same street as the subject. The comparables are class 2-95 properties improved with 2-story dwellings of masonry

exterior construction that range in size from 1,944 to 2,699 square feet of living area. The dwellings are 19 to 34 years old and have partial or full basements. Each home has central air conditioning and one fireplace. Four comparables each have a 2-car garage. The comparables have improvement assessments ranging from \$21,500 to \$33,001 or from \$11.06 to \$12.38 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$40,000. The subject property has an improvement assessment of \$33,001 or \$14.29 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on eight equity comparables with the same assessment neighborhood code as the subject and located on the same block or subarea as the subject.¹ Six comparables are located on the same street as the subject. The comparables are class 2-95 properties improved with 2-story dwellings of masonry exterior construction ranging in size from 1,733 to 2,827 square feet of living area. The dwellings are 15 to 22 years old and have partial or full basements. Each comparable has central air conditioning and a 2-car garage. The comparables have improvement assessments ranging from \$26,750 to \$52,000 or from \$14.29 to \$18.45 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains 12 equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables and board of review comparables #1 through #4 due to differences in age, dwelling size and/or garage amenity.

The Board finds the best evidence of assessment equity to be board of review comparables #5 through #8 which are most similar to the subject in location, age, dwelling size and features. The board of review comparables have improvement assessments of \$33,001 and \$35,000 or \$14.29 and \$15.15 per square foot of living area. The subject's improvement assessment of \$33,001 or \$14.29 per square foot of living area is either identical or lower to the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

¹ For ease of read, the board of review's 2nd set of comparables have been renumbered #5 through #8.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
