

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Peggy Chambers
DOCKET NO.: 23-51698.001-R-1
PARCEL NO.: 04-22-410-008-0000

The parties of record before the Property Tax Appeal Board are Peggy Chambers, the appellant, by Robert Rosenfeld, attorney-at-law of Robert H. Rosenfeld & Associates, LLC in Northbrook, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$8,270
IMPR.: \$55,589
TOTAL: \$63,859

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 3,308 square foot site improved with a two-story dwelling of frame construction containing 1,996 square feet of living area. The dwelling is approximately 22 years old. Features of the property include an unfinished full basement, central air conditioning, one fireplace, 2½ bathrooms and a 2-car garage. The property is in Glenview, Northfield Township, Cook County. The subject is a class 2-07 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends inequity regarding the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables composed of class 2-07 properties each improved with a two-story dwelling of frame construction with 1,996 square feet of living area, a full basement, central air conditioning, one fireplace, 2½ bathrooms and a 2-car garage. The homes are 22 or 23 years old. The

comparables have the same assessment neighborhood code as the subject and are located from 105 feet to .3 of a mile from the subject. Comparable #4 is located along the same street and within the same block as the subject. The comparables have improvement assessments ranging from \$52,715 to \$53,932 or from \$26.41 to \$27.02 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$53,433.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$63,859. The subject property has an improvement assessment of \$55,589 or \$27.85 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables consisting of class 2-07 properties each improved with a two-story dwelling of frame construction with 1,996 square feet of living area, an unfinished full basement, central air conditioning, one fireplace, 2½ bathrooms and a 2-car garage. The homes are 21 or 22 years old. The comparables have the same assessment neighborhood code as the subject and are located in the same block, ¼ of a mile from the subject or in the "subarea." Comparable #1 is located along the same street as the subject property. The comparables have improvement assessments ranging from \$55,788 to \$58,727 or from \$27.95 to \$29.42 per square foot of living area. The board of review contends the building assessed value per square foot for all the comparables are equal to or higher than the subject, which supports the 2023 assessed value as equitable.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted information on eight comparables that are improved with homes that are similar to the subject dwelling in age, as well as being identical to the subject in dwelling size and features. The comparables also have the same neighborhood code as the subject property. The comparables have improvement assessments that range from \$52,715 to \$58,727 or from \$26.41 to \$29.42 per square foot of living area. Appellant's comparable #4 and board of review comparable #1 are located along the same street and within the same block as the subject with improvement assessments of \$53,932 and \$56,730 or \$27.02 and \$28.42 per square foot of living area, respectively. The subject's improvement assessment of \$55,589 or \$27.85 per square foot of living area falls within the range established by the comparables in this record and is bracketed by the two comparables most like the subject in location.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. A practical uniformity, rather than an absolute one, is the test. *Apex Motor Fuel Co. v. Barrett*, 20 Ill. 2d 395 (1960). Although the comparables presented by the parties disclosed that properties located in the same area are not all assessed at identical levels,

all that the constitution requires is a practical uniformity which exists based on the evidence in this record.

Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
