

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Paula Young  
DOCKET NO.: 23-52063.001-R-1  
PARCEL NO.: 04-08-417-018-0000

The parties of record before the Property Tax Appeal Board are Paula Young, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$19,197  
**IMPR.:** \$40,964  
**TOTAL:** \$60,161

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a multi-level dwelling of frame and masonry exterior construction with 1,925 square feet of above grade living area. The dwelling is approximately 58 years old. The property features a partial basement with finished area, central air conditioning, a fireplace and a two-car garage. The property has a 12,798 square foot site and is located in Northbrook, Northfield Township, Cook County. The subject is classified as a class 2-34 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables that have the same assessment neighborhood code as the subject and are located from 358 feet to 1.4 miles from the subject property. The comparables are class 2-34 properties improved with split-level dwellings of frame and masonry exterior construction ranging in size

from 1,881 to 2,097 square feet of above grade living area. The dwellings range in age from 50 to 57 years old. Each comparable has a partial basement, central air conditioning, a fireplace and a two-car garage. The comparables have improvement assessments that range from \$31,320 to \$42,337 or from \$16.42 to \$20.26 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$35,381 or \$18.38 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$60,161. The subject property has an improvement assessment of \$40,964 or \$21.28 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables that have the same assessment neighborhood code as the subject and are located in the subject's subarea. The comparables are class 2-34 properties improved with multi-level dwellings of frame or frame and masonry exterior construction ranging in size from 1,481 to 1,796 square feet of living area. The dwellings are each 58 years old. The comparables each have a partial basement with finished area, a fireplace and a two-car garage. Three comparables have central air conditioning. The comparables have improvement assessments ranging from \$36,090 to \$42,421 or from \$21.48 to \$24.81 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight comparable properties for the Board's consideration. The Board has given less weight to the appellant's comparables, which were not reported to have basement finish, like the subject. The Board has given reduced weight to board of review comparables #1 and #2 which lack central air conditioning or have a considerably smaller dwelling size, when compared to the subject.

The Board finds the best evidence of assessment equity to be board of review comparables #3 and #4, which have basement finish and central air conditioning, like the subject and are relatively similar to the subject in location, design, age and features. However, the Board finds these two dwellings are 7% and 11% smaller than the subject, suggesting upward adjustments would be required to make the comparables more equivalent to the subject. Nevertheless, the comparables have improvement assessments of \$40,703 and \$42,421 or \$23.62 and \$23.72 per square foot of living area. The subject's improvement assessment of \$40,964 or \$21.28 per square foot of living area is bracketed by the two best comparables in the record in terms of overall improvement assessment but falls below the comparables on a per square foot of living

area basis. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
