

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: John & Courtney Curtis
DOCKET NO.: 23-52105.001-R-1
PARCEL NO.: 04-26-304-038-0000

The parties of record before the Property Tax Appeal Board are John & Courtney Curtis, the appellants, by attorney Brian P. Liston, of the Law Offices of Liston & Tsantilis, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$17,692
IMPR.: \$40,307
TOTAL: \$57,999

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellants timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of frame and masonry exterior construction with 2,344 square feet of living area. The home is approximately 50 years old. Features include a partial basement, central air conditioning, one fireplace, and a 2-car garage. The property has a 12,637 square foot site and is located in Glenview, Northfield Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellants contend assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellants submitted information, including property characteristics and appeal history printouts, on three equity comparables that are located within the subject's assessment neighborhood code and from 0.3 of mile to 2.2 miles from the subject. The comparables are improved with 1-story, class 2-04 dwellings of frame and masonry exterior construction ranging in size from 2,186 to 2,548 square feet of living area. The homes range in

age from 55 to 67 years old. Each comparable has a partial basement, one fireplace and a 2-car garage. One comparable has central air conditioning. The comparables have improvement assessments ranging from \$34,162 to \$41,292 or from \$15.63 to \$16.21 per square foot of living area. Based on this evidence, the appellants requested that the improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$57,999. The subject property has an improvement assessment of \$40,308 or \$17.20 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on three equity comparables that are located within the subject's assessment neighborhood code and ¼ of a mile from the subject. The comparables are improved with 1-story or 1½-story, class 2-04 dwellings of masonry exterior construction ranging in size from 2,100 to 3,029 square feet of living area. The homes are either 51 or 59 years old. Each comparable has a full basement, central air conditioning, one or two fireplaces, and a 2-car garage. The comparables have improvement assessments ranging from \$38,304 to \$56,120 or from \$17.87 to \$18.53 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellants contend assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellants did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted six suggested equity comparables for the Board's consideration with each comparable having the same property classification and neighborhood code as the subject property. The Board gives less weight to the appellants' comparables and board of review comparable #2 due to substantial differences from the subject in age, dwelling size, and/or lack of central air conditioning, which the subject features. Further, the appellants' comparables #1 and #2 are located over 1.6 miles from the subject, less proximate to the subject than other comparables in this record.

The Board finds the best evidence of assessment equity to be board of review comparables #1 and #3 which are overall more similar to the subject in age and dwelling size with varying degrees of similarity in design and other features. The two best comparables have improvement assessments of \$38,304 and \$44,746 or \$18.24 and \$17.87 per square foot of living area, respectively. The subject's improvement assessment of \$40,308 or \$17.20 per square foot of living area is bracketed by the two best comparables in this record on an overall basis and falls below them on a per square foot basis. After considering adjustments to the two best comparables for differences when compared to the subject, the Board finds the appellants did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
