

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Sharon L. Ostrowski
DOCKET NO.: 23-52109.001-R-1
PARCEL NO.: 25-18-107-005-0000

The parties of record before the Property Tax Appeal Board are Sharon L. Ostrowski, the appellant, by attorney Brian P. Liston of the Law Offices of Liston & Tsantilis, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$18,750
IMPR.: \$25,250
TOTAL: \$44,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of stucco exterior construction with 2,142 square feet of living area. The dwelling is approximately 113 years old. The property features a full basement, 2½ bathrooms, one fireplace and a 1.5-car garage. The property has a 15,000 square foot site and is located in Chicago, Lake Township, Cook County. The subject is classified as a class 2-05 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables that have the same assessment neighborhood code as the subject and are located approximately 1.1 miles from the subject property. The comparables are class 2-05 properties improved with two-story dwellings of frame exterior construction ranging in size from 1,950 to

2,132 square feet of living area. The dwellings range in age from 115 to 120 years old. The comparables each have a full basement, 1½ or 2½ bathrooms and a 2-car garage. Comparable #3 has a fireplace and two comparables have central air conditioning. The comparables have improvement assessments that range from \$17,550 to \$20,441 or from \$9.00 to \$10.20 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$20,313 or \$9.48 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$44,000. The subject property has an improvement assessment of \$25,250 or \$11.79 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables that have the same assessment neighborhood code as the subject and are located within the same block as the subject property or approximately ¼ of a mile from the subject, two of which are also along the same street. The comparables are class 2-05 properties improved with two-story dwellings of stucco exterior construction ranging in size from 2,066 to 2,200 square feet of living area. The dwellings range in age from 110 to 112 years old. The comparables each have a full or partial basement, three of which have finished area. Each comparable has either 1½, 2½ or 3½ bathrooms and one or two fireplaces. Comparable #2 has central air conditioning and two comparables each have a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$26,500 to \$34,062 or from \$12.05 to \$15.60 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven comparable properties for the Board's consideration. The Board has given less weight to the appellant's comparables which are located more than one mile from the subject property.

The Board finds the best evidence of assessment equity to be the four comparables submitted by the board of review which are located most proximate to the subject and are similar to the subject in dwelling size, design and age. However, the Board finds these comparables have other features with varying degrees of similarity when compared to the subject, suggesting adjustments would be required to make the comparables more equivalent to the subject. Nevertheless, the comparables have improvement assessments ranging from \$26,500 to \$34,062 or from \$12.05 to \$15.60 per square foot of living area. The subject's improvement assessment of \$25,250 or \$11.79 per square foot of living area falls below the range established by the best comparables in

the record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
