

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Moises Valdovinos
DOCKET NO.: 23-52144.001-R-1
PARCEL NO.: 15-16-103-024-0000

The parties of record before the Property Tax Appeal Board are Moises Valdovinos, the appellant, by attorney Andreas Mamalakis of the Law Offices of Andreas Mamalakis in Kenosha; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$4,819
IMPR.: \$16,643
TOTAL: \$21,462

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of masonry exterior construction with 1,092 square feet of living area. The dwelling is approximately 67 years old. The home features a basement with finished area, central air conditioning and a 2-car garage.¹ The property has a 6,426 square foot site and is located in Bellwood, Proviso Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables that have the same assessment neighborhood code as the subject and are located

¹ The board of review disclosed the subject's basement is finished with a formal recreation room, which was not refuted by the appellant.

within .34 of a mile from the subject property. The comparables are class 2-03 properties that are improved with one-story or one and one-half story dwellings of masonry exterior construction ranging in size from 1,116 to 1,248 square feet of living area. The dwellings are from 67 to 78 years old. The comparables each have a basement and one or two fireplaces. Four comparables each have either a 1.5-car or a 2-car garage. The comparables have improvement assessments that range from \$12,189 to \$14,693 or from \$10.92 to \$12.01 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$12,634 or \$11.57 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$21,462. The subject property has an improvement assessment of \$16,643 or \$15.24 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four comparables that have the same assessment neighborhood code as the subject and are located within the same block as the subject property. The comparables are class 2-03 properties that are improved with one-story dwellings of masonry or frame and masonry exterior construction ranging in size from 1,060 or 1,072 square feet of living area. The dwellings are each 69 years old. The comparables each have a basement, two of which have finished area. Each comparable has central air conditioning and either a 1-car, a 1.5-car and a 2-car garage. The comparables have improvement assessments ranging from \$17,125 to \$18,220 or from \$16.06 to \$17.19 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine comparable properties for the Board's consideration. The Board has given less weight to the appellant's comparables due to their lack of central air conditioning, a feature of the subject and/or their dissimilar one and one-half story designs, when compared to the subject's one-story design. Additionally, the appellant's comparable #5 lacks a garage, unlike the subject.

The Board finds the best evidence of assessment equity to be the four comparables submitted by the board of review, which are overall more similar to the subject in location, dwelling size, design, age and some features. The comparables have improvement assessments that range from \$17,125 to \$18,220 or from \$16.06 to \$17.19 per square foot of living area. The subject's improvement assessment of \$16,643 or \$15.24 per square foot of living area falls below the range established by the best comparables in the record. Based on this record and after

considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
