

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Timothy Aines
DOCKET NO.: 23-52154.001-R-1
PARCEL NO.: 04-09-110-016-0000

The parties of record before the Property Tax Appeal Board are Timothy Aines, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$24,376
IMPR.: \$41,881
TOTAL: \$66,257

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of frame and masonry exterior construction with 2,059 square feet of living area. The dwelling is approximately 58 years old. Features of the home include a partial basement, central air conditioning and a 2-car garage. The property has a 16,251 square foot site and is located in Northbrook, Northfield Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four comparables located within the subject's assessment neighborhood and from 0.3 to 0.7 of a mile from the subject. The comparables consist of class 2-04, 1-story dwellings of masonry or frame and masonry exterior construction ranging in size from 2,192 to 2,294 square feet of living area. The

comparables are 55 to 59 years old. Each comparable has a partial basement, central air conditioning, a fireplace and from a 2-car to a 3-car garage. The comparables have improvement assessments that range from \$36,199 to \$42,864 or from \$16.24 to \$18.80 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$36,280.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$66,257. The subject property has an improvement assessment of \$41,881 or \$20.34 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on three comparables located within the same assessment neighborhood and the same block as the subject. The comparables consist of class 2-04, 1-story dwellings of frame and masonry exterior construction containing 2,009 square feet of living area. The homes are 54 to 57 years old. Each comparable has a partial basement, central air conditioning, a fireplace, and a 2-car garage. The comparables have improvement assessments that range from \$44,158 to \$44,479 or from \$21.98 to \$22.14 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight equity comparables for the Board's consideration, all of which are relatively similar in age, dwelling size, and most features. Nevertheless, both parties' comparables have improvement assessment ranging from \$36,199 to \$44,479 or from \$16.24 to \$22.14 per square foot of living area. The subject's improvement assessment of \$41,881 or \$20.34 per square foot of living area falls within the range established by all the comparables in the record. In addition, the subject's improvement assessment also falls below the improvement assessment range of the board of review comparables which are located within the same block as the subject property. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. A practical uniformity, rather than an absolute one, is the test. Apex Motor Fuel Co. v. Barrett, 20 Ill.2d 395 (1960). Although the comparables presented by the parties disclosed that the properties located in the same area are not assessed at identical levels, all that the constitution requires is a practical uniformity, which appears to exist on the basis of the evidence.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
