

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ralph Billingslea
DOCKET NO.: 23-52173.001-R-1
PARCEL NO.: 15-21-106-023-0000

The parties of record before the Property Tax Appeal Board are Ralph Billingslea, the appellant, by attorney Andreas Mamalakis of the Law Offices of Andreas Mamalakis in Kenosha; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,470
IMPR.: \$20,885
TOTAL: \$24,355

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of masonry exterior construction with 1,222 square feet of living area. The dwelling is approximately 67 years old. The home features a basement with finished area, central air conditioning and a 1.5-car garage.¹ The property has a 4,958 square foot site and is located in Westchester, Proviso Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables that have the same assessment neighborhood code as the subject and are located

¹ The board of review disclosed the subject's basement is finished with a formal recreation room, which was not reported by nor was it refuted by the appellant.

within .92 of a mile from the subject property. The comparables are class 2-03 properties that are improved with one-story dwellings of masonry exterior construction ranging in size from 1,333 to 1,455 square feet of living area. The dwellings are from 67 to 74 years old. One comparable has a concrete slab foundation, two comparables have crawl-space foundations and two comparables have basements. Two comparables have central air conditioning. Each comparable has one or two fireplaces and either a 1.5-car or a 2-car garage. The comparables have improvement assessments that range from \$15,949 to \$17,621 or from \$11.52 to \$12.99 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$15,067 or \$12.33 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$24,355. The subject property has an improvement assessment of \$20,885 or \$17.09 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four comparables that have the same assessment neighborhood code as the subject property and are located within the same block as the subject property, two of which are also along the same street as the subject. The comparables are class 2-03 properties that are improved with one-story dwellings of masonry exterior construction ranging from 1,130 to 1,222 square feet of living area. The dwellings are 67 or 68 years old. Each comparable has a basement, two of which have finished area. Comparable #4 has central air conditioning and comparable #3 has a fireplace. Each comparable has either a 1.5-car or a 2-car garage. The comparables have improvement assessments that range from \$19,310 to \$21,529 or from \$17.09 to \$17.81 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine comparable properties for the Board's consideration. The Board has given less weight to the appellant's comparables due to differences from the subject in dwelling size and/or they lack a basement foundation.

The Board finds the best evidence of assessment equity to be the four comparables submitted by the board of review, which have basement foundations like the subject and are overall more similar to the subject in location, dwelling size, design and age. However, the Board finds the comparables have varying degrees of similarity when compared to the subject in other features, suggesting adjustments would be necessary to make them more equivalent to the subject. Nevertheless, the comparables have improvement assessments ranging from \$19,310 to \$21,529

or from \$17.09 to \$17.81 per square foot of living area. The subject's improvement assessment of \$20,885 or \$17.09 per square foot of living area falls within the range established by the best comparables in the record in terms of total improvement assessment and is at the lower end of the range on a per square foot of living area basis. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
