

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Tatesha Trotter
DOCKET NO.: 23-52176.001-R-1
PARCEL NO.: 15-24-215-015-0000

The parties of record before the Property Tax Appeal Board are Tatesha Trotter, the appellant, by attorney Andreas Mamalakis, of the Law Offices of Andreas Mamalakis in Kenosha; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$2,835
IMPR.: \$17,511
TOTAL: \$20,346

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of masonry exterior construction with 816 square feet of living area. The dwelling is approximately 97 years old. Features of the home include a basement with finished area and a 2-car garage. The property has an approximately 3,780 square foot site and is located in Forest Park, Proviso Township, Cook County. The subject is classified as a class 2-02 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with 1-story class 2-02 dwellings of masonry exterior construction with 816 or 880 square feet of living area that are 97 to 104 years old. Each comparable has a

basement, two fireplaces and a 1-car or a 2-car garage. The appellant reported "N/A" in the finished basement area line of the grid analysis. The comparables have improvement assessments ranging from \$13,906 to \$14,813 or from \$15.80 to \$17.75 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$13,456 or \$16.49 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$20,346. The subject property has an improvement assessment of \$17,511 or \$21.46 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with 1-story class 2-02 dwellings of masonry exterior construction ranging in size from 816 to 853 square feet of living area. The homes are from 96 to 98 years old. Each comparable has a basement, with one having finished area. Two dwellings have central air conditioning and each comparable has from a 1-car to a 2-car garage. The comparables have improvement assessments ranging from \$19,165 to \$20,165 or from \$23.49 to \$24.12 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine equity comparables for the Board's consideration all of which are generally similar to the subject in location, age, design and dwelling size. The comparables present varying degrees of similarity to the subject in basement finished area, garage size, fireplace count and presence of central air conditioning, suggesting adjustments are needed to make these properties more equivalent to the subject. The comparables have improvement assessments ranging from \$13,906 to \$20,165 or from \$15.80 to \$24.12 per square foot of living area. The subject's improvement assessment of \$17,511 or \$21.46 per square foot of living area falls within the range established by the comparables in this record. After considering adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
