

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Omar Ishaq
DOCKET NO.: 23-52209.001-R-1
PARCEL NO.: 18-06-314-004-0000

The parties of record before the Property Tax Appeal Board (PTAB) are Omar Ishaq, the appellant, by attorney Joanne Elliott, of Elliott & Associates Attorneys, PLLC in Des Plaines; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, PTAB hereby finds **A Reduction** in the Cook County Board of Review's assessment of the property is warranted. The correct assessed valuation of the property is:

LAND: \$8,415
IMPR.: \$96,705
TOTAL: \$105,120

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a Cook County Board of Review decision pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) contesting the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

A 3,150 square feet, two-story stucco building on a 6,600 square feet lot in Hinsdale, Lyons Township, Cook County constitutes the subject property. The 30-year-old, class 2-78 residence per the Cook County Real Property Assessment Classification Ordinance included 3.5 bathrooms, central air conditioning, a full basement, and a two-car garage.

The appellant contends assessment inequity as the basis of the petition, arguing that the subject assessment must be lowered to \$24.78 per improvement square foot to be equitable. To show the subject was not uniformly assessed, the appellant volunteered four class 2-78 improvements within a half mile of the subject as assessment benchmarks. The appellant's proposed comparators featured a two-car garage, air conditioning, 2.5 bathrooms, and a full or partial basement. These properties were 31 to 35 years in building age; 2,946 to 3,310 in living square footage; and \$24.60 to \$24.93 per improvement square foot in assessment.

The board of review countered that the subject improvement assessment of \$102,186, or \$32.44 per living square foot, was equitable in its “Notes on Appeal.” In defense of the \$110,601 total subject assessment, the county board of review proposed four two-story improvements within a quarter mile of the subject as equity comparables. The board of review’s preferred comparators all featured a full basement, a two-car garage, air conditioning, and one or two fireplaces. These properties were 28 to 34 years in building age; 3,009 to 3,181 square feet in living area; and \$26.56 to \$30.67 per living square foot in improvement assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. The Illinois Constitution requires real estate taxes “be levied uniformly by valuation ascertained as the General Assembly shall provide by law.” Ill. Const., art. IX, § 4 (1970); Walsh v. Property Tax Appeal Board, 181 Ill. 2d 228, 234 (1998). Yet this uniformity provision of the Illinois Constitution does not mandate absolute equality in taxation; instead, a reasonable degree of uniformity in the taxing authority’s assessments suffices. Peacock v. Property Tax Appeal Board, 339 Ill. App. 3d 1060, 1070 (4th Dist. 2003).

When the ground for appeal is unequal treatment in the assessment, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e); Walsh, 181 Ill. 2d at 234 (1998). Clear and convincing evidence means more than a preponderance of the evidence, but it does not need to approach the degree of proof required for a criminal conviction. Bazyldo v. Volant, 164 Ill. 2d 207, 213 (1995). Proof of unequal treatment in the assessment should consist of assessment documentation for the year in question of similarly situated properties of compelling proximity to, and with a lack of distinguishing characteristics from, the subject property. 86 Ill.Admin.Code §1910.65(b). The Property Tax Appeal Board (PTAB) finds the appellant met this burden of proof.

As the properties that most closely matched the subject improvement, board of review comparables #1, #3, and #4 and appellant comparable #2 constitute the best evidence of subject assessment equity. Board of review comparables #1 and #3 both lacked some of the subject’s living and garage space but mitigated those deficiencies with an extra fireplace relative to the subject. By contrast, board of review comparable #4 and appellant comparable #2 each had larger improvements than the subject but one fewer full bathroom and less garage space. Given these properties, the subject improvement would be equitably assessed between \$24.70 and \$30.67 per living square foot. Because the subject assessment of \$32.44 per improvement square foot is above those of the comparables, PTAB concludes the appellant showed inequitable subject assessment by clear and convincing evidence and a reduction in the total subject assessment to \$105,120 is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
