

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Victoria Calles
DOCKET NO.: 23-52255.001-R-1
PARCEL NO.: 15-21-313-041-0000

The parties of record before the Property Tax Appeal Board are Victoria Calles, the appellant, by attorney Brian S. Maher, of Weis, DuBrock, Doody & Maher in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$4,725
IMPR.: \$20,683
TOTAL: \$25,408

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of masonry exterior construction with 1,129 square feet of living area. The dwelling is approximately 70 years old. Features of the home include a basement, 1-bathroom, central air conditioning, one fireplace and a 1.5-car garage. The property has an approximately 6,750 square foot site and is located in Westchester, Proviso Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with 1-story class 2-03 dwellings of masonry exterior construction ranging in size from 1,120 to 1,636 square feet of living area and are 66 to 69 years old. Three

comparables have a basement and one comparable has a crawl space foundation. Each dwelling has from 1 to 2½-bathrooms, a 1-car or a 2-car garage. Three homes have central air conditioning and three comparables each have one fireplace. The comparables have improvement assessments ranging from \$15,713 to \$22,407 or from \$13.70 to \$14.05 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$15,693 or \$13.90 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$25,408. The subject property has an improvement assessment of \$20,683 or \$18.32 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with 1-story class 2-03 dwellings of masonry exterior construction with 1,126 or 1,129 square feet of living area and are 70 or 71 years old. Each comparable has a basement, 1 or 2-bathrooms, and a 1-car or a 2-car garage. Two dwellings have central air conditioning. The comparables have improvement assessments ranging from \$21,590 to \$23,187 or from \$19.17 to \$20.54 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables along with board of review comparable #2 which are less similar to the subject in foundation type, dwelling size and/or bathroom count.

The Board finds the best evidence of assessment equity to be board of review comparables #1, #3 and #4 which are more similar to the subject in location, age, design, dwelling size and some features. These comparables have improvement assessments ranging from \$21,590 to \$22,972 or from \$19.17 to \$20.40 per square foot of living area. The subject's improvement assessment of \$20,683 or \$18.32 per square foot of living area falls below the range established by the best comparables in this record. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
