

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Donald Young
DOCKET NO.: 23-52621.001-R-1
PARCEL NO.: 04-09-209-006-0000

The parties of record before the Property Tax Appeal Board are Donald Young, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **a reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$13,632
IMPR.: \$41,009
TOTAL: \$54,641

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame and masonry exterior construction with 2,103 square feet of living area. The dwelling is approximately 68 years old. The property features a partial basement, central air conditioning, a fireplace and a one-car garage. The property has an 8,520 square foot site and is located in Northbrook, Northfield Township, Cook County. The subject is classified as a class 2-05 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables that have the same assessment neighborhood code as the subject and are located from .2 to .6 of a mile from the subject property. The comparables are class 2-05 properties improved with two-story dwellings of frame or masonry exterior construction ranging in size

from 1,811 to 2,190 square feet of living area. The dwellings range in age from 69 to 82 years old. Each comparable has a full or partial basement, central air conditioning, a fireplace and a one-car garage. The comparables have improvement assessments that range from \$34,560 to \$41,610 or from \$16.65 to \$19.08 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$38,611 or \$18.36 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$56,449. The subject property has an improvement assessment of \$42,817 or \$20.36 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables that have the same assessment neighborhood code as the subject and are located approximately $\frac{1}{4}$ of a mile from the subject property. The comparables are class 2-05 properties improved with two-story dwellings of frame and masonry exterior construction ranging in size from 1,738 to 2,063 square feet of living area. The dwellings range in age from 75 to 79 years old. One comparable has a crawl space foundation and three comparables each have a full or partial basement, with two having finished area. Three comparables have central air conditioning. Each comparables has a fireplace and either a one-car or a two-car garage. The comparables have improvement assessments ranging from \$38,136 to \$42,116 or from \$20.41 to \$21.94 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted eight comparable properties for the Board's consideration. The Board has given less weight to the appellant's comparable #4, as well as board of review comparables #2, #3 and #4 due to differences from the subject in dwelling size and/or age. Additionally, board of review comparable #2 has a dissimilar crawl space foundation, when compared to the subject's basement foundation and board of review comparable #3 lacks central air conditioning, a feature of the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1, #2 and #3, along with board of review comparable #1, which are similar to the subject in location, dwelling size, design, age, foundation and some features. These four comparables have improvement assessments that range from \$36,211 to \$42,099 or from \$16.65 to \$20.41 per square foot of living area. The subject's improvement assessment of \$42,817 or \$20.36 per square foot of living area falls above the range established by the best comparables in the record

in terms of overall improvement assessment and at the upper end of the range on a per square foot of living area basis. After considering adjustments to the best comparables for differences from the subject, the Board finds the subject's improvement assessment is excessive. Based on this record, the Board finds the appellant did demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
