

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: James Scollay
DOCKET NO.: 23-52665.001-R-1
PARCEL NO.: 04-09-404-017-0000

The parties of record before the Property Tax Appeal Board are James Scollay, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **a reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$26,784
IMPR.: \$35,484
TOTAL: \$62,268

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry exterior construction with 2,678 square feet of living area. The dwelling is approximately 124 years old. The property features a full basement with finished area, 3½ bathrooms and a 2-car garage. The property has a 16,740 square foot site and is located in Northbrook, Northfield Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables that have the same assessment neighborhood code as the subject and are located within .6 of a mile from the subject property. The comparables are class 2-06 properties improved with two-story dwellings of frame exterior construction ranging in size from 2,640 to

2,988 square feet of living area. The dwellings range in age from 75 to 106 years old. Each comparable has a full basement and 2½ or 3 bathrooms. Three comparables each have either a 2-car or a 2.5-car garage. The comparables have improvement assessments that range from \$31,040 to \$37,000 or from \$11.57 to \$13.46 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$33,636 or \$12.56 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$65,000. The subject property has an improvement assessment of \$38,216 or \$14.27 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables that have the same assessment neighborhood code as the subject and are located approximately ¼ of a mile from the subject property or within the subject's subarea. The comparables are class 2-06 properties improved with two-story dwellings of stucco, masonry or frame and masonry exterior construction ranging in size from 2,699 to 3,813 square feet of living area. The dwellings range in age from 79 to 100 years old. The comparables each have a full basement, with two having finished area. Each comparable has 2½, 3 or 3 full and 2 half bathrooms, central air conditioning, one or two fireplaces and either a 2-car, a 2.5-car or a 3-car garage. The comparables have improvement assessments ranging from \$49,958 to \$72,400 or from \$17.23 to \$19.79 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted eight comparable properties for the Board's consideration. The Board has given less weight to the appellant's comparables #2 and #4, as well as the four comparables submitted by the board of review, which differ from the subject dwelling in size and/or age.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1 and #3, which are located proximate to the subject and are relatively similar to the subject in dwelling size, design and age. However, these two comparables have other features with varying degrees of similarity when compared to the subject, suggesting adjustments would be required to make the comparables more equivalent to the subject. Nevertheless, the comparables have improvement assessments of \$31,040 and \$34,584 or \$11.57 and \$13.10 per square foot of living area, respectively. The subject's improvement assessment of \$38,216 or \$14.27 per square foot of living area falls above the two best comparables in the record both. After considering adjustments to the best comparables for differences from the subject, the Board finds the

subject's improvement assessment is excessive. Based on this record, the Board finds the appellant did demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
