

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Lawrence Pilliod
DOCKET NO.: 23-52770.001-R-1
PARCEL NO.: 04-35-403-010-0000

The parties of record before the Property Tax Appeal Board are Lawrence Pilliod, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$36,480
IMPR.: \$65,166
TOTAL: \$101,646

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of masonry exterior construction with 3,139 square feet of living area. The dwelling is approximately 79 years old. Features of the home include a basement with finished area, central air conditioning, two fireplaces and a 2-car garage. The property has an approximately 22,800 square foot site and is located in Glenview, Northfield Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located in the same assessment neighborhood code and from 0.20 of a mile to 1.10 miles from the subject property. The comparables are improved with 2-story class 2-06 dwellings of masonry or frame and masonry exterior construction ranging in size from 3,039 to

3,530 square feet of living area. The homes range from 72 to 94 years old. Each comparable has a basement with "N/A" reported for the finished basement area line of the grid analysis. Each dwelling has central air conditioning and a 2-car or a 2.5-car garage. Three homes have from one to three fireplaces. The comparables have improvement assessments ranging from \$56,000 to \$60,504 or from \$15.86 to \$19.45 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$57,695 or \$18.38 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$101,646. The subject property has an improvement assessment of \$65,166 or \$20.76 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located in the same assessment neighborhood code and within ¼ of a mile from the subject property. The comparables are improved with 2-story class 2-06 dwellings of masonry or frame and masonry exterior construction ranging in size from 2,675 to 3,705 square feet of living area. The homes are from 63 to 84 years old. Each comparable has a basement, with three having finished area. Each dwelling has central air conditioning and a 2-car or a 2.5-car garage. Three homes have from one to three fireplaces. The comparables have improvement assessments ranging from \$57,593 to \$82,000 or from \$21.16 to \$22.13 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight equity comparables for the Board's consideration. The Board gives reduced weight to appellant comparables #1 and #4 along with board of review comparables #1, #3 and #4 which are less similar to the subject in location, age and/or dwelling size than other properties in the record.

The Board finds the best evidence of assessment equity to be appellant comparables #2 and #3 as well as board of review comparable #2 which are more similar to the subject in location, age, design, dwelling size and some features. However, the Board notes the subject property has a finished basement while the appellant reported "N/A" for the finished basement area of their comparables, suggesting adjustments may be necessary to account for differences from the subject. These comparables have improvement assessments ranging from \$57,634 to \$69,769 or from \$18.96 to \$21.83 per square foot of living area. The subject's improvement assessment of \$65,166 or \$20.76 per square foot of living area falls within the range established by the best comparables in this record. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and

convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
