

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Blue Chair Capital, LLC  
DOCKET NO.: 23-52822.001-R-1  
PARCEL NO.: 19-36-117-056-0000

The parties of record before the Property Tax Appeal Board are Blue Chair Capital, LLC, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$4,032  
**IMPR.:** \$12,140  
**TOTAL:** \$16,172

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 1.5-story dwelling of masonry exterior construction with 1,475 square feet of living area. The home is approximately 69 years old. Features include a full basement, central air conditioning, and a 2-car garage. The property has a 5,040 square foot site and is located in Chicago, Lake Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables within the subject's assessment neighborhood and from 0.7 of a mile to 1.2 miles from the subject property. The comparables are improved with 1-story, class 2-03 dwellings of masonry exterior construction with either 1,289 or 1,368 square feet of living area. The homes are each 67 years old. Each comparable has a full basement, central air conditioning, and a 2-car garage. The comparables have improvement assessments of either \$6,976 or \$7,480 and ranging

from \$5.41 to \$5.80 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$16,172. The subject property has an improvement assessment of \$12,140 or \$8.23 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the subject's assessment neighborhood and either on the same block or ¼ of a mile from the subject property. The comparables are improved with 1-story, class 2-03 dwellings of frame or masonry exterior construction ranging in size from 1,350 to 1,510 square feet of living area. The homes range in age from 64 to 68 years old. Three comparables each have a full basement and one comparable has a slab foundation. Two comparables each have central air conditioning. One comparable has one fireplace. Three comparables each have a 2-car garage. The comparables have improvement assessments ranging from \$14,500 to \$14,988 or from \$9.93 to \$10.74 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables which are located less proximate to the subject than the comparables presented by the board of review and/or are substantially smaller homes than the subject. The Board also gives less weight to board of review comparable #3 which lacks both a basement foundation and central air conditioning, which are features of the subject.

The Board finds the best evidence of assessment equity to be the board of review comparables #1, #2, and #4 which are located most proximate to the subject and are also similar to the subject in classification code, age, dwelling size, and other features. These comparables have improvement assessments ranging from \$14,500 to \$14,988 or from \$9.93 to \$10.74 per square foot of living area. The subject's improvement assessment of \$12,140 or \$8.23 per square foot of living area falls below the range established by the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
