

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Stefan Skotnicki
DOCKET NO.: 23-52830.001-R-1
PARCEL NO.: 18-35-405-016-0000

The parties of record before the Property Tax Appeal Board are Stefan Skotnicki, the appellant, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$4,779
IMPR.: \$44,220
TOTAL: \$48,999

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a three-story multi-family building of masonry exterior construction containing 4,050 square feet of building area. The building is approximately 50 years old. Features of the property include six bathrooms.¹ The property has a 10,620 square foot site located in Justice, Lyons Township, Cook County. The subject is classified as a class 2-11 apartment building under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends inequity regarding the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on five equity

¹ In Section III of the appeal the appellant indicated the subject building has a crawl space foundation. In its assessment equity grid analysis, the board of review indicated the subject building has a partial unfinished basement. Neither party submitted additional documentary evidence to support their respective descriptions of the subject building's foundation.

comparables composed of class 2-11 properties improved with two-story or three-story multi-family buildings of masonry exterior construction that range in size from 3,840 to 4,328 square feet of building area. The buildings range in age from 37 to 53 years old. Each property has six bathrooms. The appellant indicated "N/A" in the grid analysis of the appeal regarding the basement area for the subject property and the comparables. The comparables have the same assessment neighborhood code as the subject property and are located ½ mile from the subject. These properties have improvement assessments ranging from \$37,451 to \$43,397 or from \$9.49 to \$10.48 per square foot of building area. The appellant requested the subject's improvement assessment be reduced to \$40,220.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$48,999. The subject property has an improvement assessment of \$44,220 or \$10.92 per square foot of building area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables consisting of class 2-11 properties improved with three-story multi-family buildings of masonry exterior construction each with 4,050 square feet of building area. The buildings range in age from 48 to 51 years old. Each property has a crawl space foundation and six bathrooms. The comparables have the same assessment neighborhood code as the subject property and are located ¼ of a mile from the subject property. These properties have improvement assessments that range from \$44,220 to \$44,512 or \$10.92 and \$10.99 per square foot of building area. The board of review contends the building assessed value per square foot for the comparables are the same or higher than the subject, which supports the assessed value as equitable.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted information on nine equity comparables with the same classification code and neighborhood code as the subject property to support their respective positions. The Board finds the best evidence of assessment equity to be the board of review comparables that are more similar to the subject in style and size than are the comparables submitted by the appellant. Additionally, the board of review comparables are slightly superior to the appellant's comparables in vicinity to the subject property. Each of the board of review comparables is improved with a three-story building of masonry exterior construction containing 4,050 square feet of building area, which is identical to the subject building in style, exterior construction and size. The board of review comparables have improvement assessments that range from \$44,220 to \$44,512 or \$10.92 and \$10.99 per square foot of building area. The subject's improvement assessment of \$44,220 or \$10.92 per square foot of building area falls within the range established by the best comparables in this record and is equivalent to three of the comparables on a per square foot of building area basis. Based on this record the Board finds the appellant

did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.

IMPORTANT NOTICE

Section 16-185 of the Property Tax Code provides in part:

"If the Property Tax Appeal Board renders a decision lowering the assessment of a particular parcel after the deadline for filing complaints with the Board of Review or after adjournment of the session of the Board of Review at which assessments for the subsequent year or years of the same general assessment period, as provided in Sections 9-125 through 9-225, are being considered, the taxpayer may, within 30 days after the date of written notice of the Property Tax Appeal Board's decision, appeal the assessment for such subsequent year or years directly to the Property Tax Appeal Board."

In order to comply with the above provision, YOU MUST FILE A PETITION AND EVIDENCE WITH THE PROPERTY TAX APPEAL BOARD WITHIN 30 DAYS OF THE DATE OF THE ENCLOSED DECISION IN ORDER TO APPEAL THE ASSESSMENT OF THE PROPERTY FOR THE SUBSEQUENT YEAR OR YEARS. A separate petition and evidence must be filed for each of the remaining years of the general assessment period.

Based upon the issuance of a lowered assessment by the Property Tax Appeal Board, the refund of paid property taxes is the responsibility of your County Treasurer. Please contact that office with any questions you may have regarding the refund of paid property taxes.
