

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: George & Helen Gikas  
DOCKET NO.: 23-53143.001-R-1  
PARCEL NO.: 10-35-320-028-0000

The parties of record before the Property Tax Appeal Board are George & Helen Gikas, the appellants, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$9,496  
**IMPR.:** \$26,327  
**TOTAL:** \$35,823

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellants timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of masonry exterior construction with 1,679 square feet of living area. The dwelling is approximately 75 years old. Features of the home include a partial basement, central air conditioning, one fireplace and a 1-car garage. The property has an approximately 6,783 square foot site and is located in Lincolnwood, Lyons Township, Cook County. The subject is classified as a class 2-05 property under the Cook County Real Property Assessment Classification Ordinance.

The appellants contend assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellants submitted four equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with 2-story 2-05 class dwellings of masonry exterior construction that range in size from 2,039 to 2,179 square feet of living area. The dwellings range in age from 64 to 78 years old. Three comparables each have a full or partial basement and one comparable has a slab foundation. Each comparable has central air conditioning and one or two fireplaces. Two comparables each

have either a 1-car or 2.5-car garage. The comparables have improvement assessments that range from \$28,271 to \$32,707 or from \$13.30 to \$15.02 per square foot of living area. Based on this evidence, the appellants requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$35,823. The subject property has an improvement assessment of \$26,327 or \$15.68 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with 2-story class 2-05 dwellings of masonry exterior construction that range in size from 1,596 to 1,823 square feet of living area. The dwellings range in age from 72 to 76 years old. Each comparable has a full or partial basement, central air conditioning, and a 1-car garage. Three comparables each have either one or two fireplaces. The comparables have improvement assessments that range from \$27,621 to \$35,056 or from \$16.45 to \$20.61 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayers contend assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellants did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains eight suggested equity comparables for the Board's consideration. The Board has given less weight to the appellants' comparables due to their differences from the subject in dwelling size and/or age.

The Board finds the best evidence of assessment equity to be the board of review comparables. The Board finds that these comparables are most similar to the subject in design, age, dwelling size and features. These most similar comparables have improvement assessments ranging from \$27,621 to \$35,056 or from \$16.45 to \$20.61 per square foot of living area. The subject's improvement assessment of \$26,327 or \$15.68 per square foot of living area falls within the range of the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellants did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
