

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Mohammad Al-Khudari
DOCKET NO.: 23-53201.001-R-1
PARCEL NO.: 18-31-307-018-0000

The parties of record before the Property Tax Appeal Board are Mohammad Al-Khudari, the appellant, by Kyle Gordon Kamego, attorney-at-law of Robert H. Rosenfeld & Associates, LLC in Northbrook, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$16,560
IMPR.: \$92,439
TOTAL: \$108,999

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 20,073 square foot site improved with a two-story dwelling of masonry exterior construction that contains 3,820 square feet of living area. The dwelling was constructed in 2005 and is approximately 18 years old. Features of the property include a full unfinished basement, central air conditioning, one fireplace, 3½ bathrooms, and a 3-car garage. The property is in Burr Ridge, Lyons Township, Cook County. The subject is a class 2-08 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends inequity regarding the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables comprised of class 2-08 properties improved with two-story dwellings of masonry or frame and masonry exterior construction that range in size from 4,268 to 4,499 square feet of living area and are from 24 to 30 years old. Each comparable has a full basement, central air

conditioning, one or two fireplaces, three or four full bathrooms, one or two half bathrooms, and a 3-car, 3½-car or 4-car garage. These properties have the same neighborhood code as the subject property and are located from 1.6 to 5.6 miles from the subject property. Their improvement assessments range from \$80,194 to \$98,121 or from \$17.96 to \$21.81 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$73,573.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$108,999. The subject property has an improvement assessment of \$92,439 or \$24.20 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables consisting of class 2-08 properties improved with two-story dwellings of masonry exterior construction that range in size from 3,906 to 4,422 square feet of living area and are 18 to 25 years old. Each property has a full basement with two having formal recreation rooms. The comparables have central air conditioning, one or two fireplaces, 3½ or 4½ bathrooms, and a 3-car or 4-car garage. These properties have the same neighborhood code as the subject and are located in the same block as the subject property. Their improvement assessments range from \$96,195 to \$114,775 or from \$24.63 to \$26.88 per square foot of living area.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains eight equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables due to differences from the subject in location, age, and/or size. The Board gives less weight to board of review comparable #3 due to differences from the subject in dwelling size. The Board finds the best evidence of assessment equity to be board of review comparables #1, #2 and #4 that are overall most similar to the subject in location, age, size and features. These three properties have improvement assessments that range from \$96,195 to \$114,388 or from \$24.63 to \$26.88 per square foot of living area. The subject's improvement assessment of \$92,439 or \$24.20 per square foot of living area falls below the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
