

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Daniel McCarthy III
DOCKET NO.: 23-53315.001-R-1
PARCEL NO.: 24-30-417-024-0000

The parties of record before the Property Tax Appeal Board are Daniel McCarthy III, the appellant, by attorney Daniel J. McCarthy, III, of Goldstine, Skrodzki, et. al. in Burr Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$11,950
IMPR.: \$24,050
TOTAL: \$36,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a multi-level dwelling of masonry exterior construction with 2,042 square feet of living area. The dwelling is approximately 59 years old. Features of the home include a partial basement with finished area, central air conditioning, a fireplace and a 2-car garage. The property has a 19,120 square foot site and is located in Palos Heights, Worth Township, Cook County. The subject is classified as a class 2-34 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three comparables located within a different assessment neighborhood than the subject property. The comparables are improved with class 2-04, 1-story or class 2-06, 2-story dwellings of masonry exterior construction ranging in size from 1,947 to 2,927 square feet of living area. The homes are from

69 to 73 years old. Two comparables each have a full or partial basement with finished area, and one comparable has a crawl space foundation. Each comparable has central air conditioning and a 2-car garage. Two comparables have either 1 or 2 fireplaces. The comparables have improvement assessments ranging from \$22,750 to \$33,750 or from \$10.90 to \$12.83 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$36,000. The subject property has an improvement assessment of \$24,050 or \$11.78 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four comparables located within the same assessment neighborhood as the subject. The comparables are improved with class 2-34, multi-level or class 2-04, 1 story dwellings of masonry or frame and masonry exterior construction ranging in size from 1,830 to 2,280 square feet of living area. The homes are 49 to 59 years old. Each comparable has a partial basement with finished area, central air conditioning and a 2-car garage. Three comparables each have 1 or 3 fireplaces. The comparables have improvement assessments ranging from \$24,101 to \$27,193 or from \$11.93 to \$14.16 per square foot of living area.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables and board of review comparable #2 due to differences in their classification/design, older age and/or lack of a basement foundation when compared to the subject.

The Board finds the best evidence of assessment equity to be the board of review comparables #1, #3, and #4 which are overall most similar to the subject in location, classification/design, dwelling size, age, and most features. The best comparables have improvement assessments ranging from \$24,101 to \$27,109 or from \$13.17 to \$14.16 per square foot of living area. The subject's improvement assessment of \$24,050 or \$11.78 per square foot of living area falls below the range established by the best comparables in this record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
